

Ref: IIB/ Cir/2014/3

20.11.2014

To

CEOs of all Life & Non-Life Insurers and Third Party Administrators

Subject: Releasing Ver.2.0 of Unique Hospital Id Master

Further to the launch on 10.03.2014 of the version 1.0 of unique hospital id master containing 29292 entries and conveyed vide our Circular of Ref: IIB/ Cir/2014/2 dt.10.03.2014, we are now releasing **Ver.2.0** of the same after updating Ver.1.0 with the additions suggested by various Insurers and TPAs. We thank all these Insurers and TPAs for their valuable feedback.

- **Ver.2.0** contains **32169** entries as against **29292** in Ver.1.0.
- We reiterate the advice contained in the aforesaid circular that all the Insurers kindly note to incorporate into their IT systems the Unique Id No's contained in this **Ver.2.0** and start filling this Id in the field viz., "Txt_Hospital_Code" (Data Dictionary Reference No.150062) in Health Data Claim Format L3 (Life Insurers) OR 15C (Non-Life Insurers and Standalone Health Insurers), as the case may be.
- As was already advised in the aforesaid circular, this has to be followed in letter and spirit. Only then can we derive the benefit of analyzing geography-based trends, patterns of disease occurrence, cost patterns. Then only all the hospitals are properly identified, logged and data generated on health aspects from them would be available for wider analysis and study.
- As was already advised in the aforesaid circular, effort is afoot to put in place a web-enabled application with adequate safeguards to pre-empt duplication and ensure uniqueness to take care of future updation of the master with new hospitals.

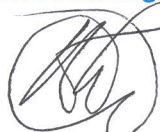

INSURANCE INFORMATION BUREAU OF INDIA

- Until then updation on the basis of suggestions for modification and addition received from the stakeholders will be undertaken by IIB in the backend. Therefore in case any updation is needed, e-mail can be sent to “reddy.ksj@iib.gov.in”.

[TPAs need not submit any transaction level data directly to IIB as was already informed vide circular of Ref: IIB/Cir/2013/3/Health dt. 28.06.2013. It has to be routed through the insurer concerned.]

We thank you all in advance for your cooperation.

With Best Regards,

(R.Raghavan)

Chief Executive Officer
