### Corporate Governance in Indian Insurance Industry

**C**orporate Governance has gained prominence as an embedded system in the organizations because of its value and utility in their functioning broadly defining the relationship between the Board of Directors, senior management and shareholders/stakeholders. While the term carries a great depth of meaning, it refers to the way a company conduct its business performing the dual role of both being accountable and responsible to a broader audience or stakeholders with built in checks and balances.

The importance of corporate governance has been receiving greater emphasis in recent times since poor governance and weak internal controls have led to major corporate failures. By and large, it has been the endeavor of managements to conduct fair business dealings; but due to a few overzealous executives, in their enthusiasm to report out-of-the-world performance numbers and made profit making as the sole objective without concern for corporate responsibility, the problem became monstrous and has caused many a corporate debacle, leading to the need for strict scrutiny.

As regards the insurance sector in India, the regulatory responsibility to protect the interests of the policyholders demands that the insurers have in place good governance practices for maintenance of solvency, sound long term investment policy and prudential underwriting solvency, more so because of the proposed enhancement in the FDI to 49%. Since the money in question is that of the policy holders, insurers must protect policyholders' interests in terms of premiums and claims settlement, while ensuring profitable investment of their funds.

The Indian Insurance Regulator, IRDA has outlined in general terms, governance responsibilities of the Board in the management of the insurance functions under various regulations notified by it covering different operational areas. It has issued comprehensive guidelines on 5.8.2009 covering the major structural elements of Corporate Governance in insurance companies encompassing governance structure, Board of Directors, control functions, role of CEO/COO and other senior functionaries, role of Appointed Actuaries, external audit and appointment of Statutory Auditors, disclosures, outsourcing, relationship with stakeholders, interaction with the Supervisor and whistle blowing policy.

Nevertheless, there is scope for improvement. If the rules, regulations and guidelines are not properly implemented by companies, the investor confidence is shaken which is not good for the company. It is therefore the need of the day that the goal of insurance companies is to realign their corporate goals and bolster investor confidence, trust, and viability of investments through adherence to principles laid down out for effective corporate governance.

Considering the call given by Prime Minister for "Swatch Bharat, Swasth Bharat", the next issue will focus on 'Health Insurance'.

## FROM THE EDITOR

I have just joined IRDA as Consultant (Communication) and has been assigned the responsible activity of Editor of the IRDA Journal. Coming from one of the largest Social Security Scheme of Govt. of India with experience of functioning in field as well as federal offices, it shall be my endeavor to continue the tradition of the past as well as to imbibe the spirit of freshness to make the Journal lively for the readers. Since communication plays a vital role to forfeit the interests of the stakeholders and growth of the industry as a whole, it is proposed to introduce a page or two involving 'Letter to the Editor' column to solicit the views of the esteemed readers towards content and contours of the Journal.

With the above opening lines, I close for the time being with information that Health Insurance will be the focus of the next issue of the Journal. Kindly send articles which must reach us latest by 25th December, 2014 through e-mail at [irdajournal@irda.gov.in](mailto:irdajournal@irda.gov.in) or by post at office address of IRDA.

Wishing You All The Best

## Essence of Corporate Governance

- Shardul Admane,  
Sr. Assistant Director  
F&A - Life, IRDA, Hyderabad

Corporate Governance refers to the system of rules, practices and processes by which companies or corporations are directed and controlled. It mainly relates to incorporated entities which have a separate legal existence, distinct from their owners. In order to understand the essence of Corporate Governance, we would have to go back to the history of the joint stock companies, the predominant form of joint ownership.

The earliest records of corporate entities probably date back to the thirteenth century in Western Europe. More formally structured jointly owned companies emerged in the sixteenth century in England and the Netherlands. We know the British East India Company, which came to India to trade in commodities and had the exclusive charter from Queen Elizabeth I. The Dutch East India Company had listed its shares on the Amsterdam Stock Exchange, as early as in 1602. This enabled the easier accumulation of capital from investors as also the sale or transfer of shares.

Although incorporation of an entity was initially possible only through Royal Charter or Private Act, eventually, the registration and incorporation of entities was formalized through Joint Stock

Companies Act, 1844 in Britain. Rapid industrialization in Europe needed huge additional capital with attached risks, and the benefits accorded by incorporation soon made the joint stock companies very popular. Among the most attractive features of incorporation was separate legal entity status, perpetual existence, easy transferability of ownership, and limited liability. Later versions of the companies act were more refined and eventually a whole set of legislations and established case judgments developed into Corporate Law.

In course of time, corporations expanded their horizons far and wide encompassing virtually the whole world. Today we have large companies in the form of Multi-National Corporations with operations spread across various continents. With increasing complexities of the businesses and the marketplace, expertise in managing the affairs of companies was felt essential. This separated the ownership from the management of the business, since the owners (shareholders) were either not best suited to manage the business or they were willing to only contribute capital for it. Theoretically companies may have large number of shareholders who are spread far and wide, in practice,

however, we may find many companies that are majorly owned/controlled by families or industry groups.

The separation of ownership from management of corporations is the most significant factor for Corporate Governance. The shareholders appoint a set of people in the form of the Board of Directors who run the affairs on their behalf. The Board therefore, has to adhere to certain set of principles; a code of conduct as custodians of the shareholders, who are the real owners of the company. But that is not the only premise for governing the conduct of Board members or senior management of a company. In course of their operations and activities, companies produce and deliver goods and services to their customers, interact with various government bodies and agencies and exist as a corporate citizen. Improper conduct of the company may lead to loss to government (in the form of revenue or taxes), to the customers (poor quality of goods and services, etc.) or even to the general public (unhealthy/unethical competition, pollution to environment, etc.).

The Code for Corporate Governance intends to ensure that businesses are run and managed in a manner that is not detrimental to the

interests of the shareholders, customers, employees, other stakeholders as well as to the society at large. A shareholder will not invest in a company without assurance that the directors will not run away with the money, the business of the company will be well run, proper information will be provided to the investor and if the business turns out to be profitable, profits will be fairly distributed among the investors. These type of concerns are the “fundamental problems of exchange” and institutions are formed to structure relationships in order to mitigate these concerns and encourage exchange to take place. Institutions do this by fostering the ability of the parties to commit to respect their obligations and to reveal that they will do so by linking past conduct with future reward. This reduces the benefits of misrepresenting information and renegeing on obligations.

Globally, the corporate form of business has been abused from time to time by unscrupulous elements in order to defraud shareholders, customers as well as governments. The shareholders, who own minuscule part in the total capital, are disorganized and generally powerless. In much of the world, capitalism is a system where a handful of immensely wealthy families control almost all of a country’s great corporations, and often its government to boot. Competition is largely a mirage, for few firms are genuinely independent. Professional managers are hired help, subservient to oligarchic family dynasties that jealously safeguard their power, sometimes at great cost to their host economies. As early as in 1720, The Bubble Act was brought in to

prohibit the formation of unincorporated entities, yet during the century it was in operation, such companies often continued to be used and played an important role in certain sectors of the economy such as insurance, shipping and some manufacturing.

Social norms have played a more significant role than law in the institutional development of joint stock companies. Therefore, even at a time when the court system and company law were undeveloped and there was little real prospect of contracts being enforced or wrongdoers being punished, the joint stock company form of business flourished. This, in turn, had an impact on the kind of corporate governance practices adopted by corporations. The institutions in different societies traced divergent paths in their evolution over time and the nature and extent of corporate governance practices in different parts of the world also evolved largely based on the social and cultural norms. For example, the governance issue in the US or the UK is essentially that of disciplining the management who have ceased to be effectively accountable to the owners (shareholders). The problem in the Indian corporate sector (be it the public sector, the multinationals or the Indian private sector) is that of disciplining the dominant shareholder and protecting the minority shareholders.

The Code for Corporate Governance dwells on the composition of the Board of directors (and its various Committees for various functions), their credentials, responsibilities, reporting and control structures. It is aimed at ensuring fairness or objectivity, transparency and

accountability in the decisions or actions of the Board. The key forces that can put into effect corporate governance in companies are the Regulators and the Capital Market. Regulators can facilitate the process by measures such as: enhancing the scope, frequency, quality and reliability of information disclosures. Capital markets influence the quantum and the terms for raising financial resources by corporations. Markets and investors generally respond positively to well-managed companies and such companies are often found to have better valuations as compared to their peers. The law may also provide the framework for corporate governance; however, as we have seen, it is the market forces in the form of social norms, business practices and culture that dictate the conduct of corporations to a large extent. Corporate Governance, in essence, is the matter of enforcing the spirit of the contractual relationship or interaction between the owners (shareholders) and the Managers although owners may themselves be the managers, at times.

## ISSUE FOCUS

# Evolution of Corporate Governance and Framework for Insurance Companies in India

- Vimal Kishor, Company Secretary and Head-Legal & Compliance  
Liberty Videocon General Insurance Company Limited, Mumbai-400013

### Introduction:

**T**he word corporate governance had originated from the word governance. Governance is as old as civilization, which has gone through various evolution cycles. It was governance which has transformed the Stone Age Man to today's civilized human being and it is the governance processes, customary or written codes which have provided supremacy to humans over other living species. Like governance refers to written or unwritten rules for general behaviors, processes, procedures evolved for various purposes related to mankind, "Corporate Governance" broadly refers to the mechanisms, processes and relations by which corporations are controlled. As corporations are artificial persons created for serving broader objectives and being perpetual, it is of utmost importance for the Corporations to have such codes, practices and procedures which define its philosophy, character and identity.

Globally, contemporary framework of corporate governance has its origin in three major reports i.e. Cadbury Report (UK1992), the Principle of Corporate Governance (OECD 1998 and 2004) and the Sarbanes Oxley Act, 2002. These reports primarily, propagate the following important principles;

- A. Right and equitable treatment of shareholders
- B. Interest of other stakeholders
- C. Roles and responsibilities of the Board
- D. Integrity and ethical behavior
- E. Disclosure and transparency

### Evolution of Corporate Governance in India

In 1996 Confederation of Indian Industry (CII) took a first initiative on Corporate Governance with the objective to develop and promote a code for Corporate Governance to be adopted and followed by Indian corporations by setting up a committee headed by Mr. Rahul

Bajaj. This initiative by CII flowed from public concerns regarding the protection of investor interest, especially the small investor; the promotion of transparency within business and industry; the need to move towards international standards in terms of disclosure of information by the corporate sector and, through all of this, to develop a high level of public confidence in business and industry. The Committee submitted draft guidelines on Corporate Governance in the year 1997. The voluntary code on Corporate Governance was published by CII in the year 1998, wherein Indian Corporations were encouraged to adopt the code on corporate governance on voluntary basis.

**Kumar Mangalam Birla Committee (1999):** SEBI in 1999 constituted Kumara Mangalam Birla Committee (a) to suggest suitable amendments to the listing agreement executed by stock exchanges with the companies and any other measures to improve the standards of

corporate governance in listed companies, in areas such as continuous disclosure of material information, both financial and non-financial, manner and frequency of such disclosures, responsibilities of independent and outside directors; (b) to draft a code of corporate best practices; and (c) to suggest safeguards to be instituted within the companies to deal with insider information and insider trading.

**Naresh Chandra Committee (2002):** On 21 August 2002, the Department of Company Affairs (DCA) under the Ministry of Finance and Company Affairs appointed this High Level Committee to examine various corporate governance issues. Among others, this Committee has been entrusted to analyze and recommend changes, if necessary, in diverse areas such as: (1) the statutory auditor-company relationship; (2) appointment, rotation and determination of fee payable to statutory audit firms or partners; (3) restriction on non-audit fee and independence of Audit function; (4) true and fair view of financial statement (5) role of independent directors; (6) adequacy of regulations of various professionals i.e. Chartered Accountants, Company Secretaries etc.

**N. R Narayana Murthy Committee Report on Corporate Governance (2003).** In 2003, SEBI constituted N. Murthy Committee whose key mandatory recommendations focused on strengthening the responsibilities of audit

committees; improving the quality of financial disclosures, including those related to related party transactions and proceeds from initial public offerings; requiring corporate executive boards to assess and disclose business risks in the annual reports of companies; introducing responsibilities on boards to adopt formal codes of conduct; the position of nominee directors; and stock holder approval and improved disclosures relating to compensation paid to non-executive directors.

#### **Insurance Industry - the concept of Corporate Governance**

Insurance Regulatory and Development Authority (IRDA), the Regulator for the Insurance Companies has felt the need of having corporate governance regime in the Insurance Companies and issued detailed guidelines on Corporate Governance for Insurance Companies vide its circular dated 5th August 2009. As per the said guidelines, Corporate Governance is understood as a system of financial and other controls in a corporate entity and broadly defines the relationship between the Board of Directors, senior management and shareholders. In case of the financial sector, where the entities accept public liabilities for fulfillment of certain contracts, the relationship is fiduciary with enhanced responsibility to protect the interests of all stakeholders. The Corporate Governance framework should clearly define the roles and responsibilities and

accountability within an organization with built-in checks and balances. As regards the insurance sector, the regulatory responsibility to protect the interests of the policyholders demands that the insurers have in place, good governance practices for maintenance of solvency, sound long term investment policy and assumption of underwriting risks on a prudential basis. The emergence of insurance companies as a part of financial conglomerates has added a further dimension to sound Corporate Governance in the insurance sector with emphasis on overall risk management across the structure and to prevent any contagion.

The IRDA guidelines were issued with the objective of providing for the structure, responsibilities and functions of Board of Directors and the senior management of the company fully recognize the expectations of all stakeholders as well as those of the regulator. The structure should take steps required to adopt sound and prudent principles and practices for the governance of the company and should have the ability to quickly address issues of non-compliance or weak oversight and controls.

From the above facts, it is clearly depicted that the need for corporate governance was felt time and again and various institutions have constituted various committees to examine the right framework for corporate governance and issued necessary

directives from time to time. Latest in the series of development is the Companies Act 2013, which has provided series of corporate governance enablers to create healthy Corporate Governance culture in the Country

### Companies Act, 2013

The corporate governance requirements under the Companies Act, 2013 are as under:

### Regulatory Framework for Insurance Companies

In addition to the requirements under the Companies Act 2013 and Rules there under, or the Insurance Act 1938, IRDA has vide guidelines on Corporate Governance prescribed following requirements

Requirement(s)	General description
<b>Duties of Directors (166)</b>	<p>For the first time the duties of the Directors are defined under Section 166 of the Act and the most important shifts from the current regime is duties of the Directors towards company, employees, shareholders, community and environment. Besides above, directors are expected to promote the objectives of the Company, act in good faith, without any conflict of interest, no undue gains. In case of contravention, a director may be penalized with fine which shall be not less than Rs. 1 lakh and can go up to Rs. 5 lakh.</p> <p>It is noteworthy to mention that all the above behaviors were expected from the directors and were covered under the fiduciary duties. However, since the same has now been clearly provided under the Act, there will be less ambiguity in interpretation.</p>
<b>Independent Directors</b>	<p>Every listed company is required to have 1/3 of its Board comprising of Independent Directors. Other Public Companies having paid up share capital of ten crore rupees or more; or having turnover of one hundred crore rupees or more; which have, in aggregate, outstanding loans, debentures and deposits, exceeding fifty crore rupees need to have at least two Independent Directors.</p> <p>‘Independent Director’ has been defined under Section 149(6) of the Companies Act. Additionally, an Independent Director is required to submit a declaration to the board about his meeting the criteria of independence as provided under Section 149 on annual basis. Ordinarily, an Independent Director can hold office for five consecutive years and can be reappointed by passing special resolution and subject to specific disclosure of such appointment in the Board’s report</p>
<b>Loan to Directors</b>	<p>The provisions related to loan to directors have been made stricter. Under Section 29 of the Insurance Act, 1938 Loans to director is anyway prohibited.</p>
<b>Resident Director</b>	<p>The Act mandates Companies to have at least one resident Director and this has significant impact on wholly owned foreign subsidiaries, which are being managed by persons outside India</p>
<b>Women Directors</b>	<p>To bring women representation in the Boardrooms, the Act mandates Companies having paid up capital of Rs. 100 crore or more or turnover of Rs. 300 crore to have women Directors. In view of the capital requirement for the Insurance Companies, every Company shall have a woman Director on their Board.</p>

<b>Audit Committee</b>	<p>Audit Committee shall comprise of at least three Directors, majority of the same shall be the Independent Directors. Chairperson of the Audit Committee should be person of ability to read and understand the financial statement.</p>
<b>Corporate Social Responsibility (CSR)</b>	<p>Under Section 135 of the Companies Act, 2013, a new requirement has been triggered for the companies having paid up capital of Rs. 500 crore or more or turnover of Rs. 1000 crore or more or profit of Rs. 5 crore or more to constitute a CSR Committee and spend 2% of the net profit on the CSR activities. An indicative list of CSR activities is provided in the Act. To undertake the CSR activities, the Companies are required to frame a CSR Policy and in the event of failure to spend required money towards CSR, a statement in the Board's report is required to be made explaining the reasons thereto.</p>
<b>Managerial Remuneration</b>	<p>There are two dimensions to the Managerial Remuneration under the Act, (1) the overall remuneration payable to the Directors under Section 198 of the Companies Act and (2) the constitution of the Remuneration and Nomination Committee under Section 178. The said Committee is expected to formulate a policy to attract good quality directors; define the relationship with the performance Vs. remuneration; provide for the short term and long term performance objectives striking the balance between the fixed and variable pays. Additionally, Companies are required to disclose in the Board's report median salary paid to the employees Vs. Managerial remuneration</p>
<b>KMP- Role of Company Secretary</b>	<p>New set of management professionals has been created including CEO, CFO and Company Secretary as Key Managerial Personal (KMP). Under Section 205, the functions of Company Secretary has been clearly defined viz., reporting to the Board about the compliance with the provisions of the Act and Rules (2) compliance with the Secretarial standards (c ) discharge other duties as may be prescribed. IRDA vide its Circular dated 09th October, 2013 defined the Key persons of the insurance Companies to include CEO, CMO, Appointed Actuary, CIO, Chief Internal Audit, CFO, CRO and Chief Compliance Officer.</p>
<b>Secretarial Audit</b>	<p>Section 204 the Act has prescribed the secretarial audit for such companies having paid up capital of Rs. 50 crore or more or having turnover of Rs. 250 crore or more.</p>
<b>Disclosures and Reporting</b>	<p>The Act has revised the formats of various registers and returns to be prepared by the Companies and have asked for exhaustive information. Additionally, Section 117 of the Act requires companies to submit certain resolutions/ agreement with ROC. The Section has wide coverage and the same will have greater transparency from the shareholders point of view</p>

Subject	IRDA Corporate Governance Guidelines
<b>Shareholding</b>	<ul style="list-style-type: none"> <li>a. Lock in period of 5 years from the date of issue of R3</li> <li>b. Restriction on FDI to 26%</li> <li>c. Prior approval in case of transfer of shares exceeding one % or more</li> </ul>
<b>Board</b>	<p>The Board shall comprise of competent and qualified Directors to drive the strategies in a manner that would sustain growth and protect the interests of the stakeholders in general and policyholders in particular. The size of the Board should be consistent with scale, nature and complexity of business. Further, the Board Members should be skilled, knowledgeable and experienced persons and should be in a position to dedicate sufficient time and committed to fulfilling their responsibilities. The Board of Directors and Senior Management should understand the operational and business structure of the insurer.</p> <ul style="list-style-type: none"> <li>• At a minimum, where the company has a non-executive Chairman, at least one third of the directors should be independent and in other cases at least fifty percent of the directors should be independent. (till the Companies go for listing at least two independent directors are must).</li> <li>• Where the Chairman of the Board is non-executive, the Chief Executive Officer should be a whole time director of the Board.</li> <li>• Not more than one member of a family or a close relative as defined in the Companies Act or an associate (partner, director etc) should be on the Board of an Insurer as Independent Director.</li> </ul>
<b>Responsibilities of the Board</b>	<p>Few general responsibilities of the Board are;</p> <ul style="list-style-type: none"> <li>• Board of Directors should be oriented to setting-up of objectives to meet the expectations of various stakeholders, strategies for their fulfillment and for monitoring the achievements.</li> <li>• To ensure that there is no conflict of interest, to establish strategies and policies that define ethical individual and corporate behavior and ongoing, effective processes that ensure adherence to these strategies and policies.</li> <li>• Regular review of the policies to ensure that they are dynamic.</li> </ul>

Subject	IRDA Corporate Governance Guidelines
	<ul style="list-style-type: none"> <li>• Overall direction of the business of the insurer, including projections on the capital requirements, revenue streams, expenses and the profitability.</li> <li>• obligation to fully comply with the Insurance Act and the regulations framed there under, and other statutory requirements applicable to it;</li> <li>• ensuring fair treatment of policyholders and employees;</li> <li>• ensuring information sharing with and disclosures to stakeholders including investors, policyholders, employees, the regulators, consumers, financial analysts and/or rating agencies.</li> <li>• establishing channels for encouraging and facilitating employees raising concerns or reporting a possible breach of law or regulations, with appropriate measures to protect against retaliation against reporting employees;</li> <li>• developing a corporate culture that recognizes and rewards adherence to ethical standards.</li> </ul>
<b>Fit and Proper Criteria</b>	<ul style="list-style-type: none"> <li>• The Director should not have been convicted or come under adverse notice of the laws and regulations involving moral turpitude or of any professional body.</li> <li>• A declaration on fit and proper criteria is required to be obtained from the proposed directors and existing Directors are required to make a due diligence check on the proposed director on the basis of information provided in the said declaration. The said declaration shall be taken annually on ongoing basis.</li> <li>• Nomination Committee shall scrutinize the declarations of intending applicants before the appointment/reappointment/election of directors by the shareholders at the General Meetings.</li> <li>• A deed of covenant is required to be signed with the Directors to ensure that there is a clear understanding of the mutual role of the company, the Directors and the Board in Corporate Governance.</li> </ul>
<b>Conduct of Meetings</b>	<ul style="list-style-type: none"> <li>• The Company Secretary is made responsible for proper conduct of the Board meetings.</li> <li>• The minutes should be recorded as soon as possible after the meeting and get circulated.</li> <li>• There should be a system of familiarizing new Directors with the background of the company's governance philosophy, duties and responsibilities of the Directors, etc.</li> </ul>

Subject	IRDA Corporate Governance Guidelines
	<ul style="list-style-type: none"><li>Well-structured arrangements should be in place for ongoing briefing of Directors on dynamic changes in the financial sector in general and in the insurance in particular vis-à-vis the Company for updating the Directors.</li></ul>
<b>Control Functions</b>	<p>The Board shall lay down the policy framework to put in place:</p> <ul style="list-style-type: none"><li>Robust and efficient mechanisms for the identification, assessment, quantification, control, mitigation and monitoring of the risks;</li><li>Appropriate processes for ensuring compliance with the Board approved policy, and applicable laws and regulations;</li><li>Appropriate internal controls to ensure that the risk management and compliance policies are observed;</li><li>An internal audit function capable of reviewing and assessing the adequacy and effectiveness of, and the insurer’s adherence to its internal controls as well as reporting on its strategies, policies and procedures; and</li><li>Independence of the control functions, including the risk management function, from business operations demonstrated by a credible reporting arrangement.</li><li>The responsibility for the oversight of control functions of an insurer should be entrusted to Directors possessing the appropriate integrity, competence, experience and qualifications.</li><li>For insurers within a group, appropriate and effective group-wide risk control systems should be in place in addition to the control systems at the level of the insurer.</li></ul>
<b>Delegation of Functions</b>	<p>Subject to restrictions under the Companies Act, 2013, the Board can delegate its powers to its committees. IRDA mandates Insurance Companies to establish Audit; Investment; Risk Management; Policyholder Protection; and Asset Liability Management (in case of life insurers) Committees that have a critical role in strengthening the control environment in the company. The following aspects are required to be defined in respect of the role and functions of the Committees:</p> <ul style="list-style-type: none"><li>Constitution</li><li>Objectives</li><li>Responsibilities</li><li>Frequency of meeting / quorum requirements</li><li>Appointment and removal of members</li><li>Reporting to the Board</li></ul>

Subject	IRDA Corporate Governance Guidelines
<p><b>Audit Committee</b></p>	<ul style="list-style-type: none"> <li>• To oversee the financial statements, financial reporting, statement of cash flow and disclosure processes both on an annual and quarterly basis. It shall set-up procedures and processes to address all concerns relating to adequacy of checks and control mechanisms.</li> <li>• The Chairman of the Audit Committee should be an independent Director of the Board and should ideally be a professional Chartered Accountant or a person with strong financial analysis background. The association of the CEO in the Audit Committee should be limited to eliciting any specific information concerning audit findings.</li> <li>• To oversee the efficient functioning of the internal audit department and review its reports. The Committee will additionally monitor the progress made in rectification of irregularities and changes in processes wherever deficiencies have come to notice.</li> <li>• The Audit Committee shall be directly responsible for the recommendation of the appointment, remuneration, performance and oversight of the work of the auditors (internal/statutory/ Concurrent). In case of statutory audit, the independence of the external auditors shall be ensured (although the approval of appointment, remuneration and removal of the statutory auditors shall be done by the shareholders at the general body meeting).</li> <li>• The Audit Committee shall have the oversight on the procedures and processes established to attend to issues relating to maintenance of books of account, administration procedures, transactions and other matters having a bearing on the financial position of the insurer, whether raised by the auditors or by any other person.</li> <li>• The Audit Committee shall discuss with the statutory auditors before the audit commences, about the nature and scope of audit as well as have post-audit discussions to address areas of concern.</li> <li>• Any additional work other than statutory/internal audit that is entrusted to the auditor or any of its associated persons or companies shall be specifically approved by the Board keeping in mind the necessity to maintain the independence and integrity of the audit relationship. All such other work entrusted to the auditor or its associates shall be specifically disclosed in the Notes to Accounts forming part of the annual accounts of the insurer.</li> </ul>
<p><b>Investment Committee</b></p>	<ul style="list-style-type: none"> <li>• The Investment Committee should comprises of at least two Non Executive Directors, the Chief Executive Officer, Chief of Finance, Chief of Investment Division and wherever an appointed actuary is employed, the Appointed Actuary.</li> </ul>

Subject	IRDA Corporate Governance Guidelines
	<ul style="list-style-type: none"> <li>• Constitution of Investment Committee or any change therein should be approved by the Board of Directors.</li> <li>• The Committee shall be responsible for laying down an overall investment policy and operational framework for the investment operations of the insurer. The policy should focus on a prudential Asset Liability Management (ALM) supported by robust internal control systems. The investment policy and operational framework should, inter alia, encompass aspects concerning liquidity for smooth operations, compliance with prudential regulatory norms on investments, risk management / mitigation strategies to ensure commensurate yield on investments and above all protection of policyholders' funds. It is also responsible for a periodic review of the Investment policy based on the performance of investments and the evaluation of dynamic market condition.</li> <li>• Members of the Committee should be fully conversant with the various responsibilities cast on them by the IRDA (Investment) Regulations 2000 as amended from time to time as well as the guidelines issued on the system of risk management.</li> <li>• The members of the Committee should not be solely influenced by the credit rating agencies. The committee should independently review their investment decisions duly supported by the due diligence process required to be carried out by the Investment Team.</li> <li>• It shall also put in place an effective reporting system to ensure compliance with the policy set out by it apart from Internal / Concurrent Audit mechanisms for a sustained and on-going monitoring of Investment Operations.</li> <li>• The IC shall at least meet once in a quarter and look into various aspects of investment operations and monitor them.</li> <li>• The IC shall furnish a report to the Board on the performance of Investments at least on a quarterly basis and provide analysis of its Investment portfolio and on the future outlook to enable the Board to look at possible policy changes and strategies.</li> </ul>
Risk Management Committee	<p>Insurance Company shall have a risk management function under the overall guidance and supervision of the Chief Risk Officer (CRO) with a clearly defined role.</p> <p>Broadly, the Risk Management Committee shall:</p> <ul style="list-style-type: none"> <li>• assist the Board in effective operation of the risk management system by performing specialized analyses and quality reviews;</li> </ul>

Subject	IRDA Corporate Governance Guidelines
	<ul style="list-style-type: none"> <li>• maintaining a group-wide and aggregated view on the risk profile of the insurer in addition to the solo and individual risk profile;</li> <li>• report to the Board details on the risk exposures and the actions taken to manage the exposures;</li> <li>• advise the Board with regard to risk management decisions in relation to strategic and operational matters such as corporate strategy, mergers and acquisitions and related matters.</li> </ul>
<b>Asset Liability Management (ALM) Committee</b>	<p>ALM is an ongoing process of formulating, implementing, monitoring and revising strategies related to assets and liabilities to achieve an organization’s financial objectives, given the organization’s risk appetite, risk tolerances and business profile. The responsibilities of the ALM Committee shall include:</p> <ul style="list-style-type: none"> <li>• Setting the insurer’s risk/reward objectives and assess policyholder expectations.</li> <li>• Quantifying the level of risk exposure and assessing the expected rewards and costs associated with the risk exposure.</li> <li>• Formulating and implementing optimal ALM strategies and meeting risk/reward objectives. The strategies must be laid down both at product level and enterprise level.</li> <li>• Laying down the risk tolerance limits.</li> <li>• Monitoring risk exposures at periodic intervals and revising ALM strategies where required.</li> <li>• Placing the ALM information before the Board at periodic intervals.</li> <li>• An option is given to life insurers to make it part of the Risk Management Committee provided that the terms of reference of ALM are made part of the Risk Management Committee.</li> </ul>
<b>Policyholder Protection Committee</b>	<p>With a view to addressing the various compliance issues relating to protection of the interests of policyholders, as also relating to keeping the policyholders well informed of and educated about insurance products and complaint-handling procedures, each insurer shall set up a Policyholder Protection Committee which shall directly report to the Board.</p> <p>The responsibilities of the Policyholder Protection Committee shall include:</p> <ul style="list-style-type: none"> <li>• Putting in place proper procedures and effective mechanism to address complaints and grievances of policyholders including mis-selling by intermediaries.</li> </ul>

Subject	IRDA Corporate Governance Guidelines
	<ul style="list-style-type: none"> <li>• Ensure compliance with the statutory requirements as laid down in the regulatory framework.</li> <li>• Review of the mechanism at periodic intervals.</li> <li>• Ensure adequacy of disclosure of “material information” to the policyholders. These disclosures shall, for the present, comply with the requirements laid down by the Authority both at the point of sale and at periodic intervals.</li> <li>• Review the status of complaints at periodic intervals to the policyholders.</li> <li>• Provide the details of grievances at periodic intervals in such formats as may be prescribed by the Authority.</li> <li>• Provide details of insurance ombudsmen to the policyholders</li> <li>• The reports of the Policyholders’ Protection Committee should be on the agenda of every Board meeting of the company</li> </ul>
<b>Remuneration Committee</b>	<p>It is recommended to set up remuneration Committee to carry out following functions:</p> <ul style="list-style-type: none"> <li>• The Remuneration Committee is required to determine on behalf of the Board and on behalf of the shareholders with agreed terms of reference, the insurer’s policy on specific remuneration packages and any compensation payment, for the CEO and the Executive Directors of the company.</li> <li>• The remuneration package shall be closely connected with the performance objectives laid down for the senior management.</li> <li>• To avoid conflicts of interest, the Remuneration Committee, which would determine the remuneration packages of the executive directors may comprise of at least three directors, all of whom should be non-executive directors, with the Chairman of the Committee being an independent director.</li> <li>• The Chairman of the Remuneration Committee could be present at the Annual General Meeting, to answer the shareholders’ queries. However, it would be up to the Chairman to decide who should answer the queries.</li> </ul>
<b>Nomination Committee</b>	<p>Nomination Committee may be constituted to nominate the appropriate candidate for the appointment as Board members and shall scrutinize the declarations of intending applicants before the appointment/ reappointment/election of directors by the shareholders at the General Meetings.</p>

Subject	IRDA Corporate Governance Guidelines
<p><b>Ethics Committee</b></p>	<p>The Guidelines recommends constitution of Ethics Committee for :</p> <ul style="list-style-type: none"> <li>• monitoring the compliance function and the insurer’s risk profile in respect of compliance with external laws and regulations and internal policies, including the insurer’s code of ethics or conduct</li> <li>• receiving reports on the above and on proactive compliance activities aimed at increasing the insurer’s ability to meet its legal and ethical obligations, on identified weaknesses, lapses, breaches or violations and the controls and other measures in place to help detect and address the same</li> <li>• supervising and monitoring matters reported using the insurer’s whistle blowing or other confidential mechanisms for employees and others to report ethical and compliance concerns or potential breaches or violations</li> <li>• advising the board on the effect of the above on the insurer’s conduct of business and helping the board set the correct “tone at the top” by communicating, or supporting the communication, throughout the insurer of the importance of ethics and compliance</li> <li>• approving compliance programmes, reviewing their effectiveness on a regular basis and signing off on any material compliance issues or matters.</li> </ul>
<p><b>CEO and Other Senior Functionaries</b></p>	<p>The appointment, reappointment or termination of Chief Executive Officer /Whole Time Director requires prior approval from the Authority.</p> <p>The Insurance Act also prohibits the CEO of a life insurance company from being a Director on the Board of any other Indian insurance company/bank/ investment company.</p> <p>It is desirable that the Board should also have practices in place for succession planning for the key senior functionaries through a process of proper identification and nurturing of individuals for taking over senior management positions.</p>
<p><b>Appointed Actuary</b></p>	<p>Detailed guidelines are issued by the Authority on appointment, roles and responsibilities of Appointed Actuary. Appointment of AA requires Prior approval from the Authority.</p> <p>In brief, it is reiterated that</p> <ul style="list-style-type: none"> <li>• A procedure for appointment of Appointed Actuary should be put in place.</li> <li>• The Appointed Actuary should qualify and satisfy the ‘Fit and Proper’ criteria.</li> <li>• The insurer shall clearly set forth the Actuary’s responsibilities and any advisory role vis-à-vis the Board or the management as well as his/her</li> </ul>

Subject	IRDA Corporate Governance Guidelines
	<p>rights and obligations. These shall be in addition to the duties of the Appointed Actuaries as specified in the IRDA Regulations and any other directions of IRDA in the matter.</p> <ul style="list-style-type: none"> <li>• As soon as the Appointed Actuary realizes that the entity does not comply or is likely to fail in complying with the requirements of solvency and other parameters of sound operations, he/she shall inform the Board of the management. If no viable/acceptable solution is taken, then he/she has to inform IRDA.</li> <li>• The Board shall interact directly with the Appointed Actuary wherever it considers it expedient to secure his advice, it may do so in such manner as it may deem fit.</li> </ul> <p>The Appointed Actuary shall provide professional advice or certification to the board with regard to:</p> <ul style="list-style-type: none"> <li>• estimation of technical provisions in accordance with the valuation framework set up by the insurer</li> <li>• identification and estimation of material risks and appropriate management of the risks</li> <li>• financial condition testing</li> <li>• solvency margin requirements</li> <li>• appropriateness of premiums (and surrender value)</li> <li>• allocation of bonuses to with-profit insurance contracts</li> <li>• management of participating funds (including analysis of material effects caused by strategies and policies)</li> <li>• product design, risk mitigation (including reinsurance) and other related risk management roles.</li> </ul>
<p><b>Auditors</b></p>	<p>The Authority mandates joint audit of each insurance company by two statutory Auditors. In order for an audit firm to be eligible to be appointed as statutory auditors the following conditions must be complied with:</p> <ul style="list-style-type: none"> <li>• Be in continuous practice for a period of fifteen years;</li> <li>• Minimum number of partners, their qualification and experience in the audit firm as employee/partner as prescribed in IRDA circular dated 25th July 2005;</li> <li>• At least one partner/employee should have CISA/ISA or equivalent qualification.</li> </ul>

Subject	IRDA Corporate Governance Guidelines
<p><b>Reporting to Regulators</b></p>	<ul style="list-style-type: none"> <li>• the insurer is running its business soundly and will be viable over the long term.</li> <li>• In particular, the disclosure requirements of the participating policyholders and the unit linked policyholders must be duly addressed.</li> </ul> <p>In assessing the governance practices in place, the IRDA would:</p> <ul style="list-style-type: none"> <li>• Seek confirmation that the insurer has adopted and effectively implemented sound corporate governance policies and practices;</li> <li>• assess the fitness and propriety of board members;</li> <li>• monitor the performance of boards;</li> <li>• assess the quality of insurers’ internal reporting, risk management, audit and control functions;</li> <li>• evaluate the effects of the insurer’s group structure on the governance strategies;</li> <li>• assess the adequacy of governance processes in the area of crisis management and business continuity.</li> </ul> <p>A report on corporate governance is required to be submitted with IRDA within 90 days from the end of financial year.</p>
<p><b>Appointment of Compliance Officer</b></p>	<p>Each insurer should designate the Company Secretary as the Compliance Officer whose duty will be to monitor continuing compliance with these guidelines.</p>
<p><b>Whistle Blowing Policy</b></p>	<p>The insurers are well advised to put in place a “whistle blowing” policy, where by mechanisms exist for employees to raise concerns internally about possible irregularities, governance weaknesses, financial reporting issues or other such matters. These could include employee reporting in confidence directly to the Chairman of the Board or of a Committee of the Board or to the external auditor. The Policy illustratively covers the following aspects:</p> <ul style="list-style-type: none"> <li>• awareness of the employees that such channels are available, how to use them and how their report will be handled</li> <li>• handling of the reports received confidentially, for independent assessment, investigation and where necessary for taking appropriate follow-up actions</li> <li>• a robust anti-retaliation policy to protect employees who make reports in good faith</li> </ul>

Subject	IRDA Corporate Governance Guidelines
	<ul style="list-style-type: none"> <li>• Briefing of the board of directors.</li> <li>• The appointed actuary and the statutory/internal auditors have the duty to ‘whistle blow’, i.e., to report in a timely manner to the IRDA if they are aware that the insurer has failed to take appropriate steps to rectify a matter which has a material adverse effect on its financial condition. This would enable IRDA to take prompt action before policyholders’ interests are undermined.</li> </ul>

### Benefit analysis

The most important benefit of corporate governance in the Indian insurance industry has been the growing customer confidence in the sector, especially the Private Sector insurance companies and the same is evident from the growing share of private sector participants in the overall insurance market. Consistent regulatory monitoring is tool to check the corporate governance health and being effectively used by the Regulator and the same is giving confidence to all the stakeholders. One of the objectives of issuing Corporate Governance guidelines by IRDA was to prepare the Insurance Companies to facilitate the transition required to comply with the SEBI and stock exchange requirements, once Insurance Companies opt for IPO and it has been largely successful in developing such procedures. As the regulatory framework on corporate governance in India is quite comprehensive, Indian Insurance companies are at par with their global peers in terms of governance philosophy.

### Conclusion

Governance is a behavior and corporate governance practices are the soul of organizations; Directors and Senior Management should be committed to lay down a Corporate Governance roadmap and trickle down the same to not only to the lowest level of employees but also to the business partners including vendors, agents and other associates. For every well governed corporation, the tone should be set at the top and the same should be exemplary to others. In all corporate failures around the world, the systems collapsed due to non-adherence of good practices by the leaders of the said failed corporate and hence it is of utmost importance that the appropriate corporate governance tenet should run in the blood of the senior management to influence rest of the employees. Transparency is the key for a successful corporate governance program and it plays a vital role in confidence building among peer group, cross functional level of employees as well as among the business associates. With more and more disclosures, corporates are

encouraged to be transparent to their stakeholders and pave the way for building a strong pillar of corporate governance and get benefited in the entire exercise by developing values and an ethically sound culture to be inherited by successors.

## ISSUE FOCUS

# Good Governance - An essential element of wealth creation

- Manish Pahwa

The ripples of the global financial crisis have drastically underscored the importance of establishing effective corporate governance as a basic foundation for the sustainability of an organization. There has been renewed interest in the corporate governance practices of modern corporations since 2001, particularly due to the high-profile collapses of a number of large corporations, most of which involved accounting fraud and failures of implementing corporate governance frameworks. Corporate scandals of various forms have maintained public and political interest in the regulation of corporate governance.

Skandia, Sweden's largest insurance company and a world leader in providing variable annuities and other savings products shook its reputation in 2003 when three of its top executives came under investigation for misusing corporate assets. The Skandia scandal was driven by executive greed and only three Skandia executives directly benefited from funds misused. Board members did not participate

in the misuse of funds; they seemed to be "asleep at the wheel," perhaps treating their directorships more like honorary appointments rather than serious positions of responsibility. They certainly did not appear to be thoroughly corrupt or under the absolute control of company managers. In fact, several board members accepted responsibility for allowing the misappropriations on their watch.

HIH Insurance, Australia's second largest insurance company was placed into provisional liquidation on 15 March 2001. The demise of HIH is considered to be the largest corporate collapse in Australia's history, with liquidators estimating that HIH's losses totalled up to \$5.3 billion. Investigations into the cause of the collapse led to conviction and imprisonment of a handful of members of HIH management on various charges relating to fraud.

The scam at Satyam Computer Services Ltd, the fourth largest IT firm in India with a \$2.1 billion dollar revenue employed over 53,000 IT Professionals in over 67 countries with development centres

in over 20 countries, awarded with the "Golden Peacock Award for Excellence in Corporate Governance" by The World Council for Corporate Governance (WCFCG) was the result of the failures of corporate governance at different layers which led to a collapse of this magnitude.

All the corporate frauds and misdemeanours were the result of the mismanagement, gross negligence and neglect of legal and regulatory framework.

Governance in an organization should, therefore, be about more than a compliance exercise designed with the sole purpose of satisfying regulatory requirements. The ultimate objective of governance is to ensure the creation of sustainable organizational success and stakeholder value; these are the core elements of every organization that strives to be competitive and sustainable over the long term. Good governance affects the entire organizational cycle of strategic planning, resource utilization, value creation, accountability, and assurance. Such

a holistic approach ensures that governance is not "bolt on" but "built in"—integrated into all aspects of an organization.

Effective corporate governance promotes improving shareholder wealth and the wealth of other corporate stakeholders. Effective corporate governance cannot be implemented at only the top of the corporate hierarchical structure, or within a small set of company divisions; it must permeate the entire organization. Regulatory compliance is merely a starting point for an effective governance system. The system must be clearly articulated, monitored, adapted and controlled. Good corporate governance structures encourage companies to create value; /Provide accountability and control systems in line with the risks involved. There is no single /model of good corporate governance; it varies by country, industry and company.

### CONCEPT AND PRINCIPLES OF CORPORATE GOVERNANCE

Governance is the process of decision-making in an organization, its operation, means of achievement of its objectives and interaction of stakeholders in the process of governance. Corporate Governance is an instrument for wealth creation and socio-economic development. It is the process by which the board of directors direct, supervise and control affairs of companies in the best interest of stakeholders. Corporate

Governance refers to a combination of laws, regulations, procedures, implicit rules and good corporate practices that ensure that a company meets its obligations to optimize shareholders' value and fulfil its responsibilities to the community, customers, employees, government and other segments of the society.

'Corporate Governance' is the mechanism by which the values, principles, policies and procedures of a corporation are included and manifested. The essence of Corporate Governance lies in promoting and maintaining integrity, transparency and accountability in the higher echelons of management.

The Important principles of Corporate Governance evolved are:

- Sustainable development of all stakeholders to ensure growth of all individuals associated with or affected by the enterprise on sustainable basis.
- Effective management and distribution of wealth to ensure that enterprise creates maximum wealth and uses judiciously the wealth so created for providing maximum benefit to all stakeholders and enhancing its wealth creation capabilities to maintain sustainability.
- Discharge of social responsibility to ensure that enterprise is acceptable to the

society in which it is functioning.

- Compliance of law in letter and spirit to ensure value enhancement for all stakeholders guaranteed by the law for maintaining socio-economic balance.
- Adherence to ethical standards to ensure integrity, transparency, independence and accountability in dealing with all stakeholders.

Simply stated, corporate governance means establishing legal and regulatory framework and following credible and effective management practices for the benefit of company's stakeholders and society as a whole. Good governance practices benefit both the corporate and the stakeholders by ensuring long term growth of the business entity and social welfare.

### INGREDIENTS OF CORPORATE GOVERNANCE

Governance in any sort of organization should obviously aim at good governance. A reasonable or rational purpose of governance is to make certain that an organization produces a worthwhile pattern of good results while avoiding an undesirable pattern of bad circumstances. The objective is to reach a high level of good governance and gradually to higher, if not highest at the later stages. The mission of corporate governance is to utilize the scarce

resources of the organization in an efficient manner with a view to raising the value of investment for the shareholders in general and the stakeholders at large. Accountability coupled with transparency is an integral part of the governance norms.

Evaluation process of corporate governance brings into light the following aspects of corporate responsibilities:

- The organization should take care about the rights of shareholders and help shareholders exercise those rights.
- The organisation should recognize that it has legal, contractual, social and market driven obligations to non-shareholders covering entire gamut of employees, policyholders, investors, creditors, suppliers, local communities, customers and policy makers.
- The organization should provide for economic integration among internal and external shareholders while keeping in mind the basic philosophies that govern its operations.
- The organization should initiate appropriate measures to see that socio-economic interests of their stakeholders are protected in case of adopting strategic decision. If deemed necessary, a consensus will have to be

arrived at for a decision to take them in to confidence by providing stringent transparency as to the factors that are influencing the organization.

- Integrity should be a fundamental requirement in choosing corporate officers and board members. The organization should frame a code of conduct for its directors and executives that would encourage ethical and responsible decision making.
- Organization should clarify and make publicly known the roles and responsibilities of board and management to provide stakeholders with a level of accountability. The integrity of the organization's financial reporting should be safeguarded. There should be timely disclosure of material matters related to the organization and all investors should have access to clear and factual information.
- Whistle blowers can play very important part in providing information about corruption, fraud and malpractices. Greater interest of the organization and its stakeholders would be served if there be exposure of fraud and corruption in public and as such protection of whistle blowers needs to be considered.

### **Approach to Corporate Governance:**

In simple terms the approach to corporate governance can be categorized in below major heads.

**Roles and responsibilities of Directors:** The Board provides strategic guidance for the company. The Board has effective oversight of the management, Management reports to the Board. The Board is ultimately accountable for all decisions. The management is accountable for all operational issues. Ensure balance of authority so that no single person has unfettered powers. The roles for both board and management needs to be published and made available to staff. That way, everyone understands the responsibilities.

**Structure the Board to add value:** The Board needs to be of effective composition, size and commitment to discharge its duties and responsibilities. The Board needs to be structured in such a way that it has a proper understanding of, and competence to deal with all issues affecting the business. It can effectively review and challenge the performance of management. It can exercise independent judgment and new board members should demonstrate how they will add value to the existing Board.

**Ethical and responsible decision making:** This requires publishing a code of conduct to guide directors, executives and staff, on Compliance

with laws and regulations, active promotion.

**Respect the Rights of shareholders:** Management should empower shareholders by communicating effectively with them; giving them access to balanced and understandable information about the company and making it easy for them to participate in general meetings.

**Promptly advise stakeholders of all material matters:** Companies have legal and other obligations to all stakeholders. Companies create long term value better by managing natural, human, social and other sources of capital; demonstrate commitment to these sources of capital by appropriate corporate practices.

The new Companies Act, 2013 promises to substantively raise the bar on governance and in a comprehensive form purports to

deal with some very relevant themes. On the flip side, it appears to be quite pervasive and thrusts greater responsibility and obligation on the Board of Directors and Management in Indian companies.

**Need for Corporate Governance in Insurance Sector:** Insurance industry bears a fiduciary relationship with policyholders and long term performances. The honesty and integrity of insurers are paramount importance. Officers, employees and Intermediaries can break the regulatory measures and enjoy the money of policyholder. No insurer will be successful unless its integrity is tested as sound and useful for the effective performances of the functions. The need of corporate governance is realized for confidence building, change-management, investment and viability.

### **Does performance depend on governance?**

Market asymmetry drives the short term performance and does not necessarily depend on governance; whereas, medium to long term performance requires governance. Most companies which have grown in the last two decades have outstanding performance and have good governance structure. A good governance structure treats all stakeholders fairly. Governance alone cannot ensure performance. Governance is an enabler for holistic performance. Companies need to invest in good governance. Corporate governance has a direct bearing on business performance and thereby ROI. Businesses with superior governance practices generate greater profits than other companies. Good governance ultimately helps in creation of wealth for all stakeholders and the society.

## ISSUE FOCUS

# Mis-selling - a problem of compliance and Corporate Governance

Dr. G. Mallikarjun , OSD (Grievances),  
Consumer Affairs Department, IRDA, Hyderabad

**M**is-selling is the issue that is attracting a lot of attention in discussions about insurance sector. However, there is no definition of mis-selling in the any legislation regulating insurance business in the country (Insurance Act, 1938 or Insurance Regulatory and Development Authority Act, 1999) or any regulation or guidelines issued by the insurance regulator, Insurance Regulatory and Development Authority (IRDA).

## 2. DEFINITIONS OF MIS-SELLING

**Wikipedia - Mis-selling** is the deliberate, reckless, or negligent sale of products or services in circumstances where the contract is either misrepresented, or the product or service is unsuitable for the customer's needs.

**Investopedia** - The ethically questionable practice of a salesperson misrepresenting or misleading an investor about the characteristics of a product or service.

**Oxford Dictionary - Mis-sell** (Noun- Mis-selling) means "Sell (something) to a customer on the basis of misleading advice".

**Cambridge Dictionary** - The act of selling something that is not suitable for the person who buys it

## 3. MIS-SELLING IN INSURANCE - IN COMMON PARLANCE

Mis-selling in common parlance refers to unfair or fraudulent practices adopted at the time of soliciting and selling insurance and generally includes selling policies which have not been sought by the customer or which are different from what he wanted or what he was promised or where the product offered for sale is not suitable to the needs of the customer. Mis-selling is mostly in life insurance sector where there is saving and/or investment along with risk cover. It is also prevalent to an extent in health insurance where misrepresentations about benefits or coverage or both are made to solicit and sell health cover. In pure risk policies like other non-life policies, there is not much of mis-selling as there is no incentive to mis-sell. In the current article, the focus would be on mis-selling in relation to life insurance.

### Some of the common examples of mis-selling are

- selling an insurance policy when the customer wanted to invest

money in deposits or mutual funds (most common in bancassurance)

- selling a policy with regular premium as single premium policy
- selling a policy of 15 to 20 years premium paying term to senior citizens
- selling a policy with regular premium where annual premium is disproportionate to known sources of income
- selling policies making fictitious offers like huge bonus on poorly performing policies or giving interest free loan, opening ATM, putting up a telecom tower etc.
- selling policies after making spurious calls in the guise of income tax officials or IRDA officials etc.

## 4. WHAT IS IRDA'S TERM FOR MIS-SELLING?

IRDA has classified the complaints relating to mis-selling as indicated above, under the broad category of "Unfair Business Practices" in the Integrated Grievance Management System (IGMS) which is a computerized industry-wide

grievance repository for the insurance sector.

The complaints relating to unfair business practices are received under the following descriptions:

1. Product differs from what was requested or disclosed.
2. Term (Period) of the policy is different/altered without consent
3. Mode of premium payment differs from requested or disclosed
4. Annuity/Commutation/Cash Option /Rider/other Options not included as requested
5. Proposed Insurance not in the interest of proposer
6. Intermediary did not provide material information concerning proposed cover
7. Single premium Policy issued as Annual premium policy
8. Tampering, Corrections, forgery of proposal or related papers
9. Credit/Debit card debited without consent of Consumer
10. Premium paying period projected is different from actual

11. False promises made regarding surrender value by intermediaries
12. Free-look refund not paid
13. Cancellation of policy other than Free Look Period not responded.
14. Advice concerning exclusions/ limitations of cover not communicated
15. Illegitimate inducements offered
16. Misappropriation of premiums
17. Malpractices or unfair business practices

#### 5. EXTENT OF THE PROBLEM

The number of complaints relating to unfair business practices has been increasing as can be seen from the table below:

The proportion of complaints relating to unfair business practices to total life complaints has increased from 32.55 % in 2011-12 to 56.49 % in 2013-14. While the number of new life policies issued over the years has been almost stagnant at 4.42 crore, the quantum of complaints relating to unfair business practices has doubled. The proportion of complaints relating to new policies

issued rose from 0.23 % in 2011-12 to 0.47 % in 2013-14. The detailed complaint descriptions under the unfair business practices are indicated in Annex.

The proportion of complaints in relation to policies sold is less than 0.5 %. Is there a cause for alarm? Yes. The reason is complaints on unfair business practices constitutes a major and increasing cause of grievances in the life insurance sector and it has the potential to affect the sentiment about the insurance sector in general and life insurance sector in particular. This would significantly impact the initiatives aimed at enhancing the level of insurance inclusion as measured by indicators such as insurance penetration (measured as ratio of premium to GDP) and insurance density (measured as ratio of premium in USD to population).

The negative sentiment created by mis-selling complaints has raised questions from many quarters about the adequacy of regulatory framework to prevent mis-selling.

#### 6. REGULATORY FRAMEWORK

Apart from the provisions of Insurance Act and IRDA Act, the following regulations are aimed at preventing mis-selling and ensuring right selling. The important aspects

Year	No. of complaints	Total life complaints	% of mis-selling complaints	No. of new policies	% of complaints to new policies
2011-12	100770	309613	32.55	441,60,341	0.23
2012-13	168482	341012	49.41	441,55,298	0.38
2013-14	211622	374620	56.49	441,85,973	0.47

Source: Integrated Grievance Management System of IRDA

of the regulatory framework is briefly discussed:

**(i) IRDA (Protection of Policyholders' Interests) Regulations, 2002**

The basic framework for policyholder protection is contained in these regulations.

1. Procedure to be followed on 'point of sale' requires
  - a. A prospectus of any insurance product should clearly state the scope of benefits, the extent of insurance cover and in an explicit manner explain the warranties, exceptions and conditions of the insurance cover; whether the product is participating (with-profits) or non-participating (without-profits); the allowable rider or riders on the product indicating their scope of benefits;
  - b. An insurer or its agent or other intermediary should provide all material information in respect of a proposed cover to the prospect to enable the prospect to decide on the best cover that would be in his or her interest.
  - c. The insurer or his agent or an insurance intermediary must advise the prospect dispassionately where the prospect depends upon his advice.
  - d. Where, for any reason, the proposal and other connected papers are not filled by the prospect, a certificate should be incorporated at the end of proposal form from the prospect that the contents of the form

and documents have been fully explained to him and that he has fully understood the significance of the proposed contract.

- e. In the process of sale, the insurer or its agent or any intermediary shall act according to the code of conduct prescribed by:
  - i. the Authority
  - ii. the Councils that have been established under section 64C of the Insurance Act and
  - iii. the recognized professional body or association of which the agent or intermediary or insurance intermediary is a member.
2. At the proposal stage, the following requirements should be complied with
  - a. There should be a written proposal form, in all cases. It is the duty of an insurer to furnish to the insured free of charge within 30 days of the acceptance of a proposal, a copy of the proposal form.
  - b. Forms and documents used in the grant of cover could be made available in local languages.
  - c. All decisions on proposals should be within a period not exceeding 15 days from receipt of proposals by the insurer.
3. The disclosures to be made in the life insurance policy have been stipulated viz.:

- a. the name of the plan governing the policy, its terms and conditions;
- b. whether it is participating in profits or not;
- c. the basis of participation in profits such as cash bonus, deferred bonus, simple or compound reversionary bonus;
- d. the benefits payable and the contingencies upon which these are payable and the other terms and conditions of the insurance contract;
- e. the details of the riders attaching to the main policy;
- f. the date of commencement of risk and the date of maturity or date(s) on which the benefits are payable;
- g. the premiums payable, periodicity of payment, grace period allowed for payment of the premium, the date the last instalment of premium, the implication of discontinuing the payment of an instalment(s) of premium and also the provisions of a guaranteed surrender value.
- h. the age at entry and whether the same has been admitted;
- i. the policy requirements for (a) conversion of the policy into paid up policy, (b) surrender (c) non-forfeiture and (d) revival of lapsed policies;
- j. contingencies excluded from the scope of the cover, both in respect of the main policy and the riders;

- k. the provisions for nomination, assignment, and loans on security of the policy and a statement that the rate of interest payable on such loan amount shall be as prescribed by the insurer at the time of taking the loan;
  - l. any special clauses or conditions, such as, first pregnancy clause, suicide clause etc;
  - m. the address of the insurer to which all communications in respect of the policy shall be sent.
  - n. the documents that are normally required to be submitted by a claimant in support of a claim under the policy.
4. There is a provision for free-look cancellation within 15 days of receipt of policy
- a. While forwarding the policy to the insured, the insurer should inform by the letter forwarding the policy that he has a period of 15 days from the date of receipt of the policy document to review the terms and conditions of the policy and where the insured disagrees to any of those terms or conditions, he has the option to return the policy stating the reasons for his objection.
  - b. On availing of the free-look cancellation, he would be entitled to a refund of the premium paid, subject only to a deduction of a proportionate risk premium for the period of cover and the expenses incurred

by the insurer on medical examination of the proposer and stamp duty charges. In case of ULIPs, the insurer would also be entitled to repurchase the units at the price of the units on the date of cancellation.

- 5. The requirements of disclosure of "material information" regarding a proposal or policy apply both to the insurer and the insured.
- 6. Every insurer should have in place proper procedures and effective mechanism to address complaints and grievances of policyholders efficiently and with speed.

The regulations ensure that the prospective policyholder is given thorough understanding of the specific requirements and details required for taking an insurance policy. The insurer, agent or intermediary should enable the prospect to take the best cover that would be in his or her interest.

**(ii) The IRDA (Insurance Advertisements and Disclosure) Regulations, 2000**

These regulations require the insurers, agents or intermediaries to follow certain procedures with respect to advertisements (including those on the internet) so that any communication directly or indirectly related to a policy and intended to result in the eventual sale or solicitation of a policy does not qualify as an "unfair or misleading advertisement" i.e. an advertisement

- 1. that fails to clearly identify the product as insurance;
- 2. makes claims beyond the ability of the policy to deliver or beyond the reasonable expectation of performance;
- 3. describes benefits that do not match the policy provisions;
- 4. uses words or phrases in a way which hides or minimizes the costs of the hazard insured against or the risks inherent in the policy;
- 5. omits to disclose or discloses insufficiently, important exclusions, limitations and conditions of the contract;
- 6. gives information in a misleading way;
- 7. illustrates future benefits on assumptions which are not realistic nor realisable in the light of the insurer's current performance;
- 8. where the benefits are not guaranteed, does not explicitly say so as prominently as the benefits are stated or says so in a manner or form that it could remain unnoticed;
- 9. implies a group or other relationship like sponsorship, affiliation or approval, that does not exist;
- 10. makes unfair or incomplete comparisons with products which are not comparable or disparages competitors.

Further, the guidelines issued in 2007 on advertisement, promotion

and publicity of insurance companies and insurance intermediaries clearly stipulates the details to be made available in the advertisement, which are categorized as "invitation to contract", and also indicates the do's and don'ts amongst other requirements. Subsequent circular issued in 2010 is aimed at giving fair information to the customers about the product on offer. This circular stipulated, amongst others, that the actual asset mix of various underlying funds under unit linked products vis-a-vis the asset composition of approved asset pattern has to be placed on the web portal of respective insurance companies at least on a half yearly basis. This information on investment updates is stipulated to ensure that clear, actual and timely information is made available to prospects to make an informed financial decision.

**(iii) IRDA (Licensing of Insurance Agents) Regulations, 2000**

**IRDA (Licensing of Corporate Agents) Regulations, 2002**

**IRDA (Insurance Brokers) Regulations, 2002**

**IRDA (Web Aggregators) Regulations, 2013**

These regulations mandate compliance of the agents, corporate agents, brokers and web-aggregators with the code of conduct prescribed therein to ensure that the persons soliciting insurance business should be eligible persons and they disseminate the requisite information in respect of insurance products offered for sale,

understand the policy being sold and should be capable of making suitable advice based on the customer needs so that the policy offered / sold meets the requirements of the prospect. Responsibilities are cast upon the agents and other intermediaries in terms of code of conduct, which are mainly aimed at curbing the mis-selling and to promote best practices during solicitation of the business. The training curriculum of these intermediaries is also updated to ensure that the sales force is up to date with all the changes and is capable of providing necessary advice at the time of sale to the prospects.

**(iv) Guidelines on Distance Marketing of Insurance Products, 2011**

With the increasing recourse taken by insurers, corporate agents and brokers to solicit policies including lead generation through telecalling, SMS, email, internet, DTH, postal mail and other modes which do not involve communication in person as well as requests from clients seeking information and sale of insurance products in distance mode, IRDA issued Distance Marketing Guidelines covering offer, negotiation and conclusion of sale. The key elements of these guidelines are:

- Employees of insurers, employees of brokers with requisite training, specified persons of corporate agents and telemarketers shall only engage in solicitation
- Telemarketers should maintain and preserve recordings of all

calls and transfer them to insurer

- Insurers should identify proposals procured by distance mode and obtain all records and preserve them
- Training requirements are specified for telecallers and authorized verifiers
- Solicitation and lead generation should comply with requirements of standardized script for presentation of features, benefits and disclosures under each product and this should be filed with IRDA under use and file procedure.
- The communication should highlight the name of the insurer and that the purpose is lead generation or solicitation of insurance and should proceed only if the client is interested in continuing with the subject.
- The telecaller should inform that the call is being recorded and the client is entitled to a voice copy, if he so desires at any time during the term of the policy or until a satisfactory settlement of claim, whichever is later.
- Standard script should cover features of product, benefits and terms and conditions and should inform about the right to cancel the policy within 30 days of receipt of the policy if the client disagrees with terms of policy.
- Prohibition on sale of single premium ULIPs for premium

more than Rs. 1 lakh over telephonic mode, non-single premium ULIPs for annualized premium exceeding Rs. 50000 over telephonic mode (voice or SMS) and sale or soliciting variable insurance products over distance marketing mode.

- Before conclusion of sale, the authorized verifier / specified person / employee who is selling the policy should divulge his name and distinctive code number / licence / employee number to the prospect and it should be part of recorded conversation.
- Where policy is obtained without proposal in physical form, insurers should forward a verbal transcript of voice or electronic record along with the policy bond
- The records relating to every call made (entire conversation) and SMS sent in sale by distance marketing mode that materializes into a policy should be transferred to the insurer within 30 days of conclusion of sale.
- Insurers should preserve the voice/electronic/physical record of the entire process (lead generation/solicitation/conclusion through sale of insurance) for a period of 6 months beyond the term of the policy or till satisfactory settlement of claim, whichever is later.
- Insurers/brokers should monitor at least 1% of calls live as they happen and at least 3 % of calls leading to sales through a team

of dedicated employees and preserve record of observations made during verification in retrievable form for not less than 3 years.

- Insurers should make verification calls to at least 3 % of policyholders who purchased policies over distance marketing mode to monitor the quality of sales and to ascertain whether the client has understood the features, terms and conditions.
- The Compliance officer has to submit a certificate at the end of each year confirming that the insurer has complied with all provisions of the guidelines relating to distance marketing during the financial year.

#### **(v) IRDA (Non-Linked Insurance Products) Regulations, 2013**

##### **IRDA (Linked Insurance Products) Regulations, 2013**

The Authority had a detailed review of the existing features of the insurance and pension products offered by the life insurers. Based on this review and also taking into account the persistency levels observed and the dynamic changing environment, the Authority brought out the said regulations. These regulations are aimed at protecting the interests of the policyholders, improving the persistency levels and also bringing in value addition to both the insurer and the policyholder.

These regulations ensure that the commission rates are consistent across the industry and have been smoothed with the payments depending on the premium payment

term. The benefit illustration requirements have been made applicable not only to linked products but also to all the non-linked products also. The Regulations prohibit certain type of products like highest NAV guarantee, splitting of policies, accepting advance premium for long periods in case of linked products, prohibit mis-leading names so that there is clarity on savings and protection products in case of non-linked products. The regulations also bring in transparency in terms of benefit payouts and enable the customers to choose the right policy.

In case of linked products are more prone to allegations of mis-sell on account of high charges and risk of investment resting on the policyholder, the additional protections afforded for sale of linked products are:

- Insurers should impart a separate training to all the insurance agents/intermediaries before they are authorized to sell linked insurance products to ensure required expertise and also at the time of renewal of licence; and maintain a register of such persons.
- Insurers need to make sure that their insurance advisors selling the linked life insurance products render unbiased advice to enable the policyholders to recognize whether the recommended product is suitable.
- An agent/intermediary should maintain the records pertaining to the policyholder to

demonstrate that sufficient information has been collected about the potential policyholder to enable a suitable product to be recommended. These records should be made available to IRDA, whenever called for.

- An agent/intermediary should provide the sales illustration statement as prescribed to the potential policyholder. He/she should clearly indicate how premium paid is appropriated towards various charges from the unit fund and the balance of the fund at the end of the first year and subsequent years. The upfront charges in the initial years have to be brought to the knowledge of the policyholders. Benefit illustration should be signed by the prospect while signing the proposal.
- An agent/intermediary should obtain a statement of consent (to be furnished along with the documents under File & Use Procedure) signed by the policyholder and countersigned by the person (agent, intermediary etc) himself/herself, along with the proposal form, that he has understood the inbuilt features of the policy and the applicable charges and that he is fully aware of investment risks under the policy to be issued.

**(vi) Grievance Redressal Guidelines for Insurance Sector 2010**

In addition to the above regulations, IRDA has also issued Grievance

Redressal Guidelines for insurance sector specifying the timelines for acknowledging, resolving and closing prospect and policyholder grievances. IRDA has also provided channels for customers to raise grievances with insurers in the form of Integrated Grievance Management System, IRDA Grievance Call Centre and postal, fax and email channels, wherein IRDA facilitates resolution of grievances by insurers.

Insurance Ombudsman also examine and adjudicate upon complaints relating to mis-selling though the Redressal of Public Grievance Rules, 1998 does not expressly provide mis-selling as a ground of complaint.

Complainants who are not satisfied with the resolution provided by the insurer or decision of the Insurance Ombudsman are free to approach Consumer Fora or Courts.

**7. REGULATORY NON-COMPLIANCE BY THE INSURERS**

The elaborate regulations in itself are sufficient to ensure that insurers, agents or intermediaries do not resort to mis-selling, definitely not to the extent that it appears to be prevalent as indicated through the number of complaints. The fact that there are so many complaints alleging mis-selling reflects that the regulations are not complied with in letter or spirit or both.

Some of the important factors leading to increased complaints of mis-selling are:

**At the customer's level:**

- Low awareness about insurance being primarily a product of risk protection
- Signing documents in blank, not exercising reasonable diligence about product through available channels like website, IRDA site etc. before making payment
- Not following up in case of non-receipt of policy after reasonable time
- Not checking the policy even after receipt so as to enable availing of free look cancellation if the terms and conditions or product are unsuitable
- Unreasonable expectation of huge returns or unrelated benefits (like telecom tower, interest free loan etc.) through insurance which is prompted by greed rather than reason which is the main reason for falling prey to spurious and fictitious offers
- Prospects disclosing some facts at the time of sourcing and different facts after policy issue to indicate unsuitability of policy as reason for alleging mis-sell

**At the agent or insurance intermediary level:**

- Using advertisements with unrealistic return projections which are not approved under file and use
- Winning trust or encashing the trust reposed (example banc

assurance) by forcing customers to sign proposal forms in blank

- Not disclosing the basic features of the product offered and its terms and conditions
- Resorting to practices which are not in compliance with the regulations applicable to agents or intermediaries
- Not complying with the tenets of Code of Conduct prescribed by IRDA
- Prompting customers to shift to the company after the agent moves from one insurer to another
- Low awareness about the products
- Using multi-level marketing or call centre model for sourcing policies through unlicensed entities
- Greed for first year commission

At the insurer level:

- Poor underwriting practices where the responsibility is relegated to agents or intermediary without any check
- Low or no control or oversight on agents and intermediaries, especially brokers and corporate agents (including bancassurance) which are corporate entities with anonymity of persons operating. The common reason given is that brokers are representing customer and not insurer and are not subject to the jurisdiction of the insurer. Fact

remains that the decision to accept a risk and ensuring that the product sold is suitable is an underwriting decision for which the insurer alone is responsible

- Not ensuring that agents or intermediaries follow the Code of Conduct
- Not having adequate systems to prevent policyholder information leakage which is being used for spurious calls
- Not complying with or ensuring compliance with the distance marketing guidelines
- Offering non-financial incentives beyond the permitted levels to intermediaries or agents
- Having 'deemed delivered' clauses in proposal forms where the insurer dispatches the policy, the policy is deemed to be delivered.
- Proof of delivery not retained and produced in case of dispute.
- Not accepting free look cancellation when a policy is sent based on a complaint that policy has not been received and where proof of delivery is not available with the insurer
- Not checking the KYC and contact particulars of the policyholder and insured leading to policy being issued in wrong names, sent to wrong address or wrong mobile number being contacted for pre-verification or welcome calls

- Not investigating upon complaints but merely stating that the policy has been dispatched in time and that the complaint has approached after the free-look period
- Not calling for / retaining / providing copies of entire conversation in relation to policies sourced through distance marketing route.

While the customer level issues leading to mis-selling can be addressed by customer education through insurance awareness campaigns, the problems at agent or intermediary level or insurer level are attributable to issues of regulatory non-compliance and poor corporate governance through Policyholder Protection Committee mandated by IRDA.

## 8. CORPORATE GOVERNANCE GUIDELINES - POLICYHOLDER PROTECTION COMMITTEE

With a view to addressing the various compliance issues relating to protection of the interests of policyholders, as also relating to keeping the policyholders well informed of and educated about insurance products and complaint-handling procedures, each insurer has been directed set up a Policyholder Protection Committee which shall directly report to the Board.

The responsibilities of the Policyholder Protection Committee in this regard are:

- Putting in place proper procedures and effective mechanism to address

complaints and grievances of policyholders including mis-selling by intermediaries.

- Ensure compliance with the statutory requirements as laid down in the regulatory framework.
- Review of the mechanism at periodic intervals.
- Ensure adequacy of disclosure of “material information” to the policyholders. These disclosures shall, for the present, comply with the requirements laid down by the Authority both at the point of sale and at periodic intervals.
- Review the status of complaints at periodic intervals to the policyholders.

Therefore, the policyholder protection committee has been entrusted with the responsibility of putting in place proper procedures to address grievances relating to mis-selling by intermediaries, ensure compliance with regulatory framework and and disclosure of material information to policyholders. The mechanism and status has to be reviewed at periodic intervals.

The fact that the complaints are on the rise indicates that the policyholder protection committee is falling short of the expectations of IRDA as per the corporate governance guidelines.

## 9. FOCUSED HANDLING OF COMPLAINTS RELATING TO MIS-SELL

Since a complaint is an expression of problem in the system, instead of looking at a complaint merely from free-look cancellation purview, the insurer should use it as a mechanism to assess the solicitation process, compliance with various regulations and market conduct of the employee, agent or intermediary and underwriting process of the insurer.

The following items should be examined whenever a complaint on mis-selling is received by the insurer:

- Profile of the customer
  - Suitability of product based on age, life stage and objective
  - Sufficiency of income from premium paying capacity perspective
  - KYC compliance
  - Level of general education and record of previous policies (same or different insurers) to ascertain awareness about insurance
- Nature of policy and Mode of payment of premium
- Sourcing of the policy and previous record of complaints from the agent or intermediary or employee in case of direct selling
- Time elapsed from payment of first premium and renewal status of the policy including

mode of payment of renewal premium

- Underwriting Official and previous record of complaints relating to policies underwritten by the official
- Whether pre-verification call / welcome call was done and if so, observations based on examination of call recordings to see compliance with distance marketing guidelines, advertisement regulations etc.
- Proof of dispatch of policy and receipt of policy by the policyholder and address to which the policy was sent
- Details of request for free look cancellation in reference to date of receipt
- Investigation on allegations of forgery, tampering by general examination of documents, calling for specimen signatures and documents and getting it forensically examined

After such a scrutiny, if the insurer concludes that there is a mis-sell, the premium amount has to be refunded. The insurer should have Management Information System (MIS) for monitoring instances of proven mis-sell and the details of employee, agent or intermediary sourcing the policy and the underwriting official in the company should be updated in the MIS for taking action in case of build up of number of such instances.

In case the insurer is satisfied that the sale was proper, a detailed reply indicating examination of the complaint and reasons for such a

conclusion should be sent to the complainant in writing advising him to take up the matter before Insurance Ombudsman or any other forum or court.

### 10. ROLE OF COMPLIANCE OFFICER AND POLICYHOLDER PROTECTION COMMITTEE

Based on the MIS and the common kinds of complaints alleging mis-sell or unfair business practices, corrective steps to prevent incidence and recurrence of such instances should be initiated and incorporated in the solicitation and underwriting through process changes and greater control over intermediaries and supervision using MIS at the Board level.

Some of the measures that can help in checking mis-selling are:

#### Checks at solicitation

- Using suitability or product-prospect matrix on the websites of most life insurers should be administered on the prospects' profile and mandatorily used by intermediaries to identify the products most suitable. The list of products displayed should be a part of proposal related documents. This can avoid blatantly unsuitable products.
- Any sale of product which is not falling within the shortlisted documents should be with specific written request indicating reasons for choosing it and made a part of proposal related documents. Onus to prove that it was based on a request from prospect of a product prima facie not suitable should be on intermediary.

- Customized benefit illustration for the prospect should be invariably given, got duly signed and enclosed with proposal documents. In case of ULIPs, the mortality charges, other charges and amount available for investment should be clearly indicated along with the risks to which the benefits are subject to..
- Seeking proper KYC documents for identity and address as well as documents for age proof and income should be not mere formalities for KYC but also for ascertaining the genuineness of prospect/insured, suitability of product and for ensuring proper delivery of policy document. Income
- Enhanced KYC for multiple policies of small denomination and large value policies in the form of ascertaining and recording reasons for the purchase
- Pre-verification call should be made by the insurer in all cases and variants of the standard text should be administered to ensure that it is not reduced to a routine predictable affair.
- Where there is a surrender associated with a fresh sale, reasons thereof should be ascertained to ensure there is no foul play by agents or intermediaries.
- All call records of solicitation and acceptance should be called for from the intermediaries where the policies are sourced through distance marketing channels. The records should be

sent along with the policy and retained with the insurer as per distance marketing guidelines

#### Check after policy is sold

- A welcome call should be made indicating the key features especially about the periodicity of payment of interest (single premium or regular premium), free-look option and channels for grievances.
- Copy of proposal form should be sent with policy documents
- Proof of delivery of policy documents should be retained as a permanent record till the policy is in force.
- Any request for free look cancellation should be investigated upon and used as a feedback to examine the soliciting and underwriting process.
- Payment of premium after cancelation should be done forthwith and any delay beyond.
- Resolution letter should be detailed indicating reasons for rejection.

Ensuring that Intermediaries comply strictly with the regulatory framework and operate in the prospect's interest

- Insurers should ensure strict compliance with PPHI Regulations relating to point of sale, proposal and policy and the respective code of conduct prescribed for the intermediary.
- Insurers should ensure that Advertisements used by

intermediaries are the same as the ones filed at the time of approval of the product under File and Use Guidelines. The script used by tele-callers should be strictly as per the text filed with IRDA under use and file under distance marketing guidelines. No publicity material should be misleading or promising returns not offered under the policy.

- The insurers should ensure that persons soliciting policies must be as licensed or approved entities.
- The insurers should ensure that multi-level marketing models are not used to lure customers into selling as well as soliciting insurance policies simultaneously.
- The insurers should not only take up periodic inspection of agents and intermediaries but also use mystery shopping acting as decoy customers to identify malpractices perpetrated by them.
- The measures to ensure confidentiality of personal information should be checked.
- MIS of complaints, channel-wise and agent or intermediary-wise must be maintained and monitored periodically.
- Graded level of checks for each channel of sourcing depending on risk of mis-selling / incidence of mis-selling
- Mystery shopping and greater percentage check of distance

marketing calls (not only those which result in sale but also other calls) should be invariably done for agents or intermediaries from whom several complaints are received.

- Where the agents or intermediaries are found guilty of not complying with regulations, the insurers should take action such as
  - Warning and cancellation, if repeated
  - Commission claw back
  - Filing police complaints for cheating etc.
- Status of compliance of intermediaries with regulations, complaints of mis-selling, non-compliances noticed, root cause analysis, penal action taken and measures proposed to improve systems should be put up to the Board periodically

#### Self-Regulation

- Life Council should assume the role of self-regulator for the life insurers by putting in place mechanism to deal with issues like poaching of policyholders by intermediaries of different companies, luring of referral agencies, examining market practices and evolving best practices to ensure right buying so that the sector grows in an orderly manner.
- Life council should play an active role in consumer education

## 11. CONCLUSION

To summarize, mis-selling can be addressed through greater compliance with regulation, increased insurance awareness, simpler policy terms and conditions, greater adherence to code of conduct by agents and intermediaries, and self-discipline among insurance intermediaries and insurance companies. Since mis-selling impacts the trust and confidence on insurance companies, it is time the insurance companies wake up to the challenge and not only take initiatives in educating and empowering consumers leaving the freedom to him to exercise an informed choice but also to rein in unscrupulous agents and intermediaries who are bringing business by resorting to cheating through false promises. Putting in place systems to examine complaints from the underwriting perspective and expeditiously redressing them where the policy appears inappropriate can help build trust in the public.

Regulatory action by IRDA should be a last resort as the amount of penalty imposed would in no way compensate for the inconvenience caused to hapless customers subject to mis-selling or rectify the damage caused to the image of the life insurance sector which provides a sense of security to the insured and funds for investment for economic growth and development.

## प्रकाशक का संदेश

एक वित्तीय सेवा के रूप में बीमे का स्थान बैंकिंग अथवा पूँजी बाजारों की तुलना में एक अलग ही प्रकार का है। एक ओर जहाँ अन्य वित्तीय सेवाएँ आवश्यक रूप से निवेश से संबंध रखती हैं तथा किसी के भी निवेश पर प्रतिलाभ पर बल देती हैं, वहीं दूसरी ओर बीमा सर्वथा जोखिम से रक्षा के बारे में है। बीमे का यही विलक्षण गुण प्रायः बीमाकर्ताओं और बीमाकृत व्यक्तियों के बीच झगड़े की जड़ बन जाता है। अधिकांश मामलों में पॉलिसीधारक को इस बात के लिए मनवाना कठिन है कि दावे का भुगतान उस घटना के घटित होने अधीन है जो पॉलिसी के अंतर्गत रक्षित है।

बहुधा हम यह सुनते हैं कि वह सर्वाधिक महत्वपूर्ण कार्य जो बीमाकर्ता निष्पादित करता है, 'दावे का निपटारा' है। इस परिदृश्य में जब किसी बीमाकर्ता के लिए किसी दावे को पूर्णतः या अंशतः निराकृत अथवा अस्वीकृत करने का अवसर उपस्थित होता है तब उसे दावेदार द्वारा एक अपकार के रूप में देखा जाता है, भले ही पारस्परिक दायित्वों के आधार पर ऐसा करना क्यों न उचित ठहरता हो। यह पुनः एक बार इस तथ्य को प्रमाणित करता है कि संभावित ग्राहक को संविदा की शर्तें स्पष्ट करने के लिए पर्याप्त रूप से प्रयास नहीं किया गया है। यद्यपि पॉलिसी बांड के साथ प्रस्ताव फार्म के प्रेषण की अपेक्षा का अनुसरण बीमाकर्ताओं द्वारा अधिदेश के अनुसार कर्तव्यनिष्ठ रूप में किया जा रहा है, तथापि अकसर इससे यह संदेह उत्पन्न होता है कि क्या ऐसी प्रथा के पीछे निहित मूल भावना विद्यमान है भी या नहीं।

इसके अलावा, ऐसे भी मौके हैं जब कोई दावा ऐसे कारणों से अस्वीकार किया जाता है जैसे इस प्रकार के तथ्यों को छिपाना, जो जोखिम की स्वीकृति के लिए महत्वपूर्ण है। जबकि इरादा ऐसी घटना के लिए अनिवार्यतः बीमाकर्ताओं को दोष देने का नहीं है, एक बार फिर यह परामर्श दिया जाता है कि प्रस्तावकों को निहितार्थ समझाने में यदि कुछ अतिरिक्त प्रयास किया जाए तो इससे दावों के उचित रूप से निपटान में बहुत फ़र्क पड़ेगा। आज के तेज और व्यापक संचार वाले माहौल में पॉलिसीधारक के साथ एक नगण्य और अहानिकर प्रतीत होनेवाले मुकाबले के कारण भी बीमाकर्ता की प्रतिष्ठा को अपूरणीय क्षति पहुँच सकती है।

सबसे बढ़कर, बीमाकर्ताओं के लिए आवश्यक रूप से जोखिम का विधिवत् निर्धारण सबसे पहले किया जाए, इसके लिए यदि वे दायित्वपूर्ण जोखिम-अंकन की प्रथा का वैज्ञानिक ढंग से अनुसरण करें तो वे अपना कार्य भली भाँति कर सकेंगे। सर्वोच्च स्थिति प्राप्त करने के लिए व्यवसाय को असावधानीपूर्वक स्वीकार करने; तथा बाद में दावों से बचने के लिए बचाव के किन्हीं संभव रास्तों की खोज करने से व्यावसायिक प्रबंध आहत और खराब हो जाता है। यह न केवल प्रश्नगत खिलाड़ी के व्यावसायिक हितों को प्रभावित करता है, बल्कि अंततः उद्योग की प्रतिष्ठा को भी बुरी तरह प्रतिबिंबित करता है।

'दावा प्रबंध' पत्रिका के इस अंक का केन्द्रबिंदु है। व्यापक विस्तार एवं महत्व का विषय होने के कारण पत्रिका के अगले अंक का फोकस भी 'दावा प्रबंध' पर रहेगा।

## बीमा उद्योग में विनियामन व नियमों की अनुपालन संस्कृति

- अनुराग वाजपेई

सहायक, वित्त एवं लेखा विभाग (गैर जीवन)

वर्तमान समय के परिपेक्ष्य में जब वित्तीय बाजार में वित्तीय संस्थाओं की संख्या में दिन प्रतिदिन वृद्धि होती जा रही है, उसी गति से वित्तीय क्षेत्र में संबंधित नियमों/विनियमों/दिशानिर्देशों आदि के अनुपालन का महत्व बढ़ता जा रहा है। सभी वित्तीय संस्थाओं जैसे बैंक, म्यूचुअल फण्ड, इंश्योरेंस कंपनियों को उनके संबंधित क्षेत्र के विनियामक को एक निर्धारित समय सीमा में और एक निर्धारित प्रारूप में कुछ सूचनाएँ प्रदान करनी होती है। यह आँकड़े व सूचनाएँ विनियामक को संबंधित उद्योग क्षेत्र में होने वाली गतिविधियों, उसकी वर्तमान स्थिति व विकास को आँकने में एक महत्वपूर्ण सहयोग प्रदान करते हैं। आँकड़े प्राप्त करने के उपरांत विनियामक उन आँकड़ों को एक सुव्यवस्थित ढंग से सार्वजनिक प्लैटफॉर्म पर प्रकाशित करता है तथा उन्हें संबंधित मंत्रालयों आदि को प्रेषित करता है, जिसके फलस्वरूप मंत्रालय देश के विकास के लिये पथ निर्धारित करते हैं।

अन्य उद्योगों की भाँती बीमा क्षेत्र के परिपेक्ष्य में भी इन विनियमों व नियमों का अनुपालन अत्यधिक महत्वपूर्ण है। जैसा कि हम जानते हैं कि बीमा के रूप में बीमाकर्ता द्वारा एक वादे को बेचा जाता है, उपभोक्ता उस वादे में प्रदान की

जाने वाली सुविधाओं और उपयोग करने की स्वतंत्रता के अनुसार लागत का भुगतान करता है।

भारत के संदर्भ में यदि बीमा क्षेत्र में अनुपालन संस्कृति की बात करें, तो हम पाएँगे कि हमारे देश में विनियामन अनुपालन संस्कृति अत्यधिक विकसित एवं सुदृढ़ है। भारत में सभी जीवन बीमा एवं गैर-जीवन बीमा कंपनियों को बीमा क्षेत्र के विनियामक-बीमा विनियामक और विकास प्राधिकरण को प्रेषित करनी होती है। इस कार्य के लिये सभी बीमा कंपनियों में एक विनियामन अनुपालन अधिकारी नियुक्त किया जाता है, जो यह सुनिश्चित करता है कि उसकी बीमा कंपनी द्वारा विनियामक को पाँचनिय जानकारी जैसे मासिक (जैसे व्यापारिक आँकड़े), तिमाही (जैसे अंशधारिता प्रारूप), अर्थ वार्षिक (जैसे बाहरी स्रोत करार आँकड़े), एवं वार्षिक (जैसे वार्षिक प्रतिवेदन, वार्षिक प्रशासनिक खर्च, इत्यादी) रूप में यथाशीघ्र प्रेषित की जाए।

सूचना प्राप्त होने के उपरांत एक निश्चित अवधि में आईआरडीए द्वारा प्राप्त हुई सूचनाओं का मूल्यांकन किया जाता है, यदि इसमें किसी प्रकार की त्रुटि या असंगति पाई जाती है तो आईआरडीए

द्वारा इसकी सूचना संदर्भित कंपनी को भज दी जाती है। यदि कोई कंपनी आईआरडीए द्वारा प्रेषित नियमों/आदेशों आदि का पालन करने में कोई चूक करती है तो आईआरडीए उन कंपनियों पर उचित कार्यवाही करता है और जुर्माना भी लागता है।

बीमा क्षेत्र में तीव्र विकास के लिये एक अच्छी अनुपालन संस्कृति का होना नितांत आवश्यक है और आईआरडीए इसके लिये सदैव प्रायासरत है, इसलिये कुछ सूचनाओं को सभी कंपनियों को अपनी वेबसाईट पर लगाने का आदेश प्राधिकरण द्वारा दिया गया है ताकि सभी पॉलिसीधारक, विशेषज्ञ एवं अन्य संस्थाएँ उन सूचनाओं का उचित प्रकार से अध्ययन पर बीमा क्षेत्र की वर्तमान स्थिति ज्ञात कर सकें तथा उन के आधार पर वह अपने भविष्य में की जाने वाले निवेशों को शिक्षित रूप से नियोजित कर सकें।

अनुराग वाजपेई, सहायक, वित्त एवं लेखा विभाग (गैर जीवन)

## बीमा क्षेत्र में निगमित शासन प्रणाली का महत्व

- कमल चौला

निगमित शासन प्रणाली (कॉर्पोरेट गवर्नेंस) से तात्पर्य किसी भी व्यापारिक संस्थान के सुचारु कार्यान्वयन से होता है जिसके अंतर्गत व्यापारिक संस्थान की उच्च प्रबंधन अधिकारियों द्वारा ऐसी प्रणाली, विधियाँ निर्धारित की जाती है तथा सभी विभागों का पारस्परिक संबंध स्थापित किया जाता है ताकि संस्थान का संचालन सभी प्रकार की सरकारी नीतियों, अधिनियमों, विनियमों, नियमों आदि के अनुपालन के साथ किया जा सके। निगमित प्रशासन प्रणाली का निर्वहन एक अत्यंत चुनौतिपूर्ण कार्य है जोकि केवल उद्योग के निपुण व अनुभवी व्यक्तियों के सहयोग द्वारा ही संभव है। निगमित शासन प्रणाली निगम में सभी व्यक्ति विशेषों व अनुभागों में अधिकारों व उनसे जुड़े कर्तव्यों को पारदर्शिता पूर्वक व सरल शब्दों में विस्तृत करता है जिसमें निगम के निदेशक मंडल (बोर्ड ऑफ डायरेक्टर्स), प्रबंधकों, अंशधारियों, ऋणदाताओं, लेखा परीक्षकों, विनियामक व अन्य साझेदारों की भूमिका महत्वपूर्ण है। इस प्रणाली में किसी भी निगम की निगमित कार्यसंचालन के लिये आवश्यक नियम बनाना व उचित समय

आवश्यक निर्णय लेना भी सम्मिलित है। निगमित शासन प्रणाली के द्वारा निगम के उद्देश्य निर्धारित किये जाते हैं जिनका ध्येय सामाजिक, विनियामक व बाजार परिवेश का अनुसरण होता है। यह प्रणाली निगमों के क्रियाकलापों, नितियों व निर्णयों तथा उनके अभिकर्ताओं पर निगरानी करने में सक्षम होती है।

बीमा उद्योग पॉलिसीधारकों के साथ दीर्घकालिक वैश्वासिक संबंध बनाने का प्रयत्न करता है। चूंकि बीमा उद्योग में वित्त की मुख्य भूमिका होती है अतः बीमाकर्ताओं की सत्यनिष्ठा व अखण्डता अपना महत्वपूर्ण स्थान रखती है। अधिकारी व कार्मिक विनियमनों की अवमानना करते हुए आसानी से बीमाकर्ताओं के धन का दुरुपयोग कर सकते हैं। निगमित आचार संहिता की सहायता से निगम में बदलाव-प्रबंधन, निवेश व व्यवहारिकता का संचार करना होता है।

### विश्वास

बीमा विश्वास पर ही आधारित होता है। एक नई बीमा कंपनी बाजार में अपनी साख तभी कायम

कर सकती है जब पुरानी बीमा कंपनियों ने कर्तव्यनिष्ठा व सत्यता का अपुनालन किया हो। बीमा क्षेत्र में किये जाने वाले दीर्घकालिक वादे केवल विश्वास के स्तंभ पर ही आधारित हैं। दीर्घकालिक जीवन बीमा ही एक ऐसा कारक है जिसकी सहायता से जन-साधारण में बीमा के प्रति विश्वास को बनाया जाता है और इसी अनुभव के आधार पर बीमाधारक बीमा खरीदता है।

### बदलाव-प्रबंधन

वर्तमान में सभी बीमा कंपनियों को समजा में बदलाव का सामना करना पड़ रहा है। अतः सभी बीमाकर्ताओं के लिये आवश्यक है कि वह इस बदलाव के अनुरूप अपनी कार्य पद्धतियों में बदलाव लाएं व समय के साथ चलें। विभिन्न विदेशी बीमा कंपनियाँ भारत में व्यापार कर रही हैं। इसमें कोई दो राय नहीं है कि आज की तिथि में भारतीय बीमा उद्योग हमारे सकल घरेलू उत्पाद से अधिक तीव्रता से प्रगति कर रहा है। स्वास्थ्य बीमा अब एक अनिवार्यता बनता जा रहा है जिसे के वर्तमान सरकार भी बढ़ावा दे रही है। **बीमा कंपनियों को सुरक्षा व ऋण शोधन**

क्षमता की रक्षा के लिये आपना रख-रखाव अधिक दक्षता से करना होगा।

### निवेश

बीमा कंपनियाँ अपनी निधियों को निवेश की सहायता से प्रबंधित करती है इसमें सुरक्षा, ऋण शोधन क्षमता, जोखिम प्रबंधक व पॉलिसीधारकों के हितों की सुरक्षा नीहित है। बीमाकर्तों का भी बीमा विस्तार के निर्णय लेने में अत्यधिक योगदान होता है। यह बड़ी बड़ी चुनौतियों जैसे अच्छे निगमित प्रशासन के मानदण्डों में वृद्धि जोकि बीमाकर्ताओं द्वारा अनुपालित की जाती है तथा बीमाकंपनी का कार्य-निष्पादन भी इन्हीं मानदण्डों पर निर्भर करता है। इनके लिये सिक्क्योरिटी बाजार व सभी प्रशासनिक नियमनों का अनुपालन भी अनिवार्य है। सेबी द्वारा बनाए गए कई नियम व विनियम सभी बीमाकर्ताओं पर भी लागू होते हैं जिनका वह अनुपालन करते हैं।

### व्यावहारिकता

बीमाकर्ता के लिये अपनी व्यावहारिकता को सिद्ध करना अनिवार्य होता है। कई नई व पुरानी कंपनियाँ बीमा बाजार में उतर चुकी हैं जिनमें कुछ विदेशी कंपनियाँ भी हैं, इन सभी को अपनी व्यावहारिकता को सिद्ध करना है। भारत में सार्वजनिक बीमा कंपनियाँ अपनी व्यावहारिकता को सिद्ध कर चुकी हैं परंतु अभी कई निजी बीमा कंपनियों को अपनी व्यावहारिकता को प्रमाणित करना है जिसके लिये उन्हें नियमों व विनियमों का निष्ठापूर्वक अनुपालन करते हुए सुरक्षित एवं स्वस्थ रूप से कार्य करना होगा।

### विनियामक की भूमिका

भारत में बीमा विनियामक द्वारा बीमा उद्योग में निगमित शासन प्रणाली पर दिशानिर्देश वर्ष 2010-11 से लागू किये गये। इन दिशानिर्देशों के अंतर्गत बोर्ड व कई उपसमितियों के गठन के लिये निर्देश दिए गए व प्रत्येक बीमाकर्ता के कार्यालय में व्हिसल ब्लोईंग निति का प्रावधान रखा गया।

### निगमित शासन प्रणाली के अंतर्गत प्रकटन

इसके अंतर्गत सभी बीमाकर्ताओं को अपने वार्षिक प्रतिवेदन में निम्नलिखित का प्रकटन करना होता है:

- दिशानिर्देशों के अनुरूप वित्त-वर्ष में की गई निदेशक मंडल (बोर्ड ऑफ डायरेक्टर्स) व उप-समितियों की बैठकों का ब्यौरा;
- निदेशक मंडल की नियुक्ति, उनके नाम, योग्यताएँ, विशेषज्ञता का कार्यक्षेत्र, उनके निर्देशक होने की स्थिति, इत्यादि.
- निदेशकों द्वारा बैठकों में उपस्थिति का ब्यौरा तथा अन्य समितियों के सदस्यों की उपस्थिति.
- स्वाधीन निदेशकों को देय परिश्रमिक का ब्यौरा, यदि कोई है

एक सुदृढ़ निगमित शासन प्रणाली के लिये बाजार के बदलाव के अनुरूप अपनी कार्यपद्धति में सुधार आवश्यक है जोकि विस्तृत ज्ञान, बुद्धिमात्तापूर्वक निर्णय तथा शिष्टाचार पर आधारित हाता है।

अच्छी निगमित शासन प्रणाली सभी बीमा कंपनियों के लिये अनिवार्य होती है, जिसका परिमाण उनकी सक्षम व विश्वसनीय प्रबंधन प्रणाली, पारदर्शिता व उत्तरदायित्व, साझेदारों, निवेशकों व अन्य अंशधारियों में कंपनी के प्रति निष्ठा व विश्वास होता है। तदनुसार, अच्छी निगमित शासन प्रणाली निगम के मूल्यों की वृद्धि व दीर्घकालिक विकास के लिये एक प्रभावी साधन है।

कानूनी व अनुपालन समिति सभी बीमा कंपनियों में सुदृढ़ निगमित शासन प्रणाली को प्रोत्साहित करने के लिये कर्तव्यबद्ध होती है। निगमित शासन प्रणाली के उच्च स्तरों के विकास के बल कर कंपनी का संपूर्ण लाभ आधारित होता है, जिसके योगदान से बीमा क्षेत्र में विकास संभव हो पाता है व कंपनी के बाजार में स्थापित रहने व देश की आर्थिक स्थिति को सुधारने में सहायता मिलती है।

बाह्य वातावरण के बदलते हुए स्वरूप की चुनौती के परिणामवश तथा प्रखर प्रतियोगी परिवर्षा में कानूनी आवश्यकताओं के सुचारु अनुपालन के साथ-साथ बीमा कंपनियों को सुदृढ़ निगमित शासन प्रणाली का संचार करना आवश्यक है जिसके लिये उन्हें पारदर्शिता व उत्तरदायित्व के साथ कार्य करना होगा। इसी क्रम में अपने कार्यनिष्पादन के मानदण्डों में सुधार के साथ हमें वैश्विक मानकों का अनुपालन करना है तभी हमें अपने ग्राहक व पॉलिसीधारकों द्वारा अधिक उन्नत पहचान प्राप्त होगी। अपनी सेवाओं में सुधार के साथ-साथ हमें आचार संहिता व अधिकारियों/ कर्मचारियों के निरंतर प्रशिक्षण की ओर भी

अधिक ध्यान देना होगा ताकी बीमा कंपनी निगमित सामाजिक उत्तरदायित्वों का भी भली-भाँती अनुसरण कर सके। यद्यपि, कंपनी को निगमित शासन प्रणाली व निगमित सामाजिक उत्तरदायित्वों की सफलता के लिये निदेशक मंडल ही उत्तरदायी है अतः उनकी वास्तविक प्रतिबद्धता, समर्पण व सच्चाई का एक विशेष महत्व है।

निदेशक मंडल का कर्तव्य है कि वह निरंतर कर्मचारियों/अधिकारियों के कार्यनिष्पादन की देखरेख करें व उनके बदलते हुए स्वभाव को आँके ताकी कंपनी में निगमित संस्कृति का अनुसरण हो।

साधारणतः किसी कंपनी की वित्तीय स्थिति उसकी व्यापारिक प्रणाल, कार्मिकों की कुशलता प्रवृत्ति तथा कंपनी की निगमित प्रशासन प्रणाली की सफलता पर निर्भर करती है। परंत, यह भी एक सत्य है कि बीमा क्षेत्र में ऐसा नहीं है। संपूर्ण विश्व में पूँजी बाजार में निवेश में बीमा उद्योग का सबसे बड़ा योगदान है तथा बीमा कंपनी की आय तथा अस्तित्व उन कंपनियों के कार्य-निष्पादन पर निर्भर करती है, जिसमें उन्होंने निवेश किया है।

अतः बीमा उद्योग को अपने उद्योग से संबंधित निगमित संचालन सिद्धांतों के साथ साथ उन कंपनियों की संचालन पद्धतियों के प्रति भी जागरूक होना पडता है, जिनमें उन्होंने निवेश किया है।

बीमा विनियामक द्वारा सभी बीमा कंपनियों को यह दिशानिर्देश दिया गया है कि उन्हें सामाजिक

उत्तरदायित्वों को पूरा करने की राह में निम्नलिखित आवश्यकताओं का भी निर्वाह करना होगा, जैसे- जीवन बीमा कंपनियों द्वारा वित्त वर्ष में बेची गई सभी पॉलिसियों का प्रथम वर्ष में 5%, दूसरे वर्ष में 7%, तीसरे वर्ष में 10%, चौथे वर्ष में 12% तथा पाँचवें वर्ष में 15% हिस्सा ग्रामीण क्षेत्र में होना चाहिए। इसी क्रम में गैर-जीवन बीमा कंपनियों द्वारा प्रथम वर्ष में 2%, दूसरे वर्ष में 3% तथा अन्य वर्षों में 5% पॉलिसियाँ ग्रामीण क्षेत्र से होनी चाहिए।

निगमित शासन प्रणाली को एक ऐसी प्रणाली के रूप में विकसित किया गया है जिससे कंपनी के वित्तीय व अन्य अवयवों, उच्च प्रबंधकों व अंशधारियों का निदेशक मंडल से समन्वय स्थापित किया जा सके। निगमित शासन प्रणाली में इन सभी की भूमिका व उनके उत्तरदायित्व स्पष्टता से सीमांकित किये होते है ताकि किसी भी प्रकार की समस्या या चुनौती का एक संबद्ध प्रणाली के साथ सामना किया जा सके।

निगमित शासन की आवश्यकता को वर्तमान काल में अत्यधिक महत्वता देने का कारण है कुछ मुख्य निगमों के दिवाले जोकि कुछ वर्ष पूर्व हुए तथा संपूर्ण विश्व के वित्त बाजार में हलचल उत्पन्न हो गई, यह विनाश असफल निगमित शासन के ही परिणाम थे। इसमें कोई दो राय नहीं है कि सभी कंपनियां चाहे वह बीमा उद्योग में है या अन्य उद्योगों में, सभी को निगमित शासन प्रणाली को और सूक्ष्मता से अध्ययन करना चाहिए व इसमें आधुनिक चुनौतियों का सामना करने के लिये सक्षम सुधार किये जाने चाहिए ताकि राष्ट्र आर्थिक विकास को किसी प्रकार की हानी न पहुँचे।

बीमा क्षेत्र के संदर्भ में बीमा विनियामक का यह कर्तव्य है कि वह पॉलिसीधारकों के हितों की रक्षा के लिये भरसक प्रयत्न करे व अपने आधीन सभी कंपनियों की ऋण शोधन क्षमता, उनकी निवेश, नीति, बीमांकन के अनुमानों की कुशलता व उनकी निगम शासन प्रणाली को सदैव अपनी निगरानी में रखे।

कमल चौला, सहायक निदेशक, गैर-जीवन (विनियामक कार्यवाहियाँ)

Q

Why insurance?

A

Why raincoat?

- Life, property and wealth are always at risk.
- Risk of accidents, natural calamities, disasters, theft, riots etc.
- The 'it-can't-happen-to-me' attitude is most unwise.
- Insurance is the best safeguard to mitigate risk.
- Insurance alleviates loss in the event of risk becoming a reality.
- Insurance is sensible, practical and above all, the right thing to do.

\*Wherever applicable

Children's education

Buying a house

Retirement

A winner is one who plans  
for the future with insurance.

- Life, property and wealth are always at risk.
- Risk of accidents, natural calamities, disasters, theft, riots etc.
- The 'it-can't-happen-to-me' attitude is most unwise.
- Insurance is the best safeguard to mitigate risk.
- Insurance alleviates loss in the event of risk becoming a reality.

Insurance is sensible, practical and above all, the right thing to do.

# GET READY FOR A MARATHON!

A Unit Linked Insurance Policy (ULIP) is a long term instrument for Risk Protection with a lock-in period of 5 years.

- Do you know that if you do not pay your premiums on time, your policy stands discontinued? **You must keep your policy alive by paying premium on time.**
- Do you know that if your policy is discontinued you have an option of reviving it or completely withdrawing from it ? **If you don't exercise the option within 30 days, it would be deemed that you are withdrawing from the policy.**
- Do you know what you will get when you discontinue your policy? **If you discontinue your policy, the proceeds of the discontinued policy will be given to you on completion of five policy years and you earn an interest rate of 3.50% p.a on the fund from the date of discontinuance.**
- Have you ascertained the charges levied for discontinuance of your policy? **Ask for details of the Discontinuance Charges.**

Remember that if you don't pay premium every year for 5 years, there will be a Discontinuance Charge. Discontinuance Charge will not apply to Single Premium policies.

Q

Why insurance?

A

Why raincoat?

- Life, property and wealth are always at risk.
- Risk of accidents, natural calamities, disasters, theft, riots etc.
- The 'it-can't-happen-to-me' attitude is most unwise.
- Insurance is the best safeguard to mitigate risk.
- Insurance alleviates loss in the event of risk becoming a reality.
- Insurance is sensible, practical and above all, the right thing to do.

# PUBLIC NOTICE

## IRDA CAUTIONS PUBLIC AGAINST SPURIOUS CALLS AND FICTITIOUS OFFERS

Insurance Regulatory and Development Authority (IRDA) has been receiving complaints, through email/letters and in its Integrated Grievance Management System, from members of public informing the Authority that they are receiving spurious calls from unidentified persons:

- Claiming to be representatives of IRDA and offering insurance policies of different insurance companies with various benefits.
- Claiming that IRDA is distributing bonus to insurance policyholders out of the funds invested by insurance companies with IRDA.
- Claiming that the policyholder would receive bonuses being distributed by IRDA if they purchase an insurance policy and wait for a few months after which the bonus would be released by IRDA.
- Advising customers to subscribe to fresh policy after surrender of the existing policy and wait for a few months after which the fresh policy would be entitled for additional enhanced returns / benefits.
- Informing that 'Survival Benefit or Maturity Proceeds or Bonus' is due under their existing policy and investing in a new insurance policy is mandatory to receive the amounts which are due.
- Advising public to invest in insurance policies to avail gifts, promotional offers, interest free loans, or setting up of Telecom towers or other such offers.

The general public is hereby informed that IRDA is a regulatory body established by an Act of Parliament, i.e. the Insurance Regulatory and Development Authority Act 1999, to protect the interests of the policyholders, to regulate, promote and ensure orderly growth of the insurance industry and for matters connected therewith or incidental thereto. Further, IRDA informs the members of public that:

- IRDA does not involve directly or through any representative in sale of any kind of insurance or financial products.
- IRDA does not invest the premium received by insurance companies.
- IRDA does not announce any bonus for policyholders or insurers.
- Any person making any kind of transaction with such individuals/agents will be doing the same at his own risk.

IRDA hereby urges the public to remain alert and not to fall prey to frauds or scams perpetrated by miscreants who impersonate to be employees / officers of IRDA or other insurance companies.

If any member of the public notices such instances, he or she may lodge a police complaint, along with the details of the caller and telephone number from which the call was received, in the local police station
