Types of investment options

We offer two ways in which you may manage your investments:

- **Do-it-yourself:** You may decide to invest in the various options and change them from time to time, as per your wish. This option is suitable only if you know precisely where you wish to invest and you have the time & inclination to manage your investments from time to time.

We offer a range of funds that invest in stocks, bonds and money market. However, the returns on these funds are dependent upon the market performance. Risk and returns vary from fund to fund too.

We will inform you of changes to this range in our updated Investment Basket® published from time to time and also in our investment reports to the policy owners.

2. Systematic Allocator

The Systematic Allocator is a programmed investment solution in which the fund mix becomes more conservative as the investment goal approaches. The funds will be invested in the Equity Growth fund and Income fund based on the balance time for the plan to attain maturity. This strategy moves the fund allocation towards Income fund as the plan approaches the maturity date. However, by reducing exposure to Equity Growth fund, the risk of a sudden drop in the equity market affecting the accumulated value, diminishes.

Balance / residual time to maturity (in years, rounded up to the nearest integer) of the plan is used to determine the proportion of allocation to the Equity Growth fund and Income fund. This proportion is pre-defined by the Systemic Allocator "Glide Path". "Glide Path" is the proportion allocated to the Equity Growth Fund and Income Fund based on the time remaining for the plan to attain maturity as shown in the table below, the premiums will be allocated and the Fund Value will be rebalanced at each policy anniversary as per Glide Path.

Systematic Allocator "Glide Path"				
Balance time to maturity of the plan (in years)	Proportion allocated to Equity Growth fund	Proportion allocated to Income fund		
1	5.00%	95.00%		
2	10.00%	90.00%		
3	15.00%	85.00%		
4	20.00%	80.00%		
5	25.00%	75.00%		
6	30.00%	70.00%		
7	35.00%	65.00%		
8	45.00%	55.00%		
9	50.00%	50.00%		
10	55.00%	45.00%		
11	60.00%	40.00%		
12	65.00%	35.00%		
13	70.00%	30.00%		
14	75.00%	25.00%		
15 and above	80.00%	20.00%		

You may choose the Systematic Allocator at the beginning of the plan or switch to this option on any policy anniversary. However, once the Systematic Allocator is chosen, you will not be allowed to do a manual switch or premium re-direction between the funds. You may also opt out of the Systematic Allocator at any time and use the "Do it yourself" strategy in order to manage the funds.

There are no additional charges for the Systematic Allocator, the underlying fund management charges of the Equity Growth fund and Income fund will continue to apply.

3. Units

Each unit-linked fund is divided into number of units of equal value. The value of each unit is called the unit price which is determined on a daily basis. To create cash inflows to the fund, the new units are created at the prevailing unit price and to meet the cash outflows, existing units in the fund are realised.

Unit price (Net Asset Value) formula:

The Net Asset Value (NAV) will be determined using the market value of assets in accordance with the regulatory requirements.

NAV = Market Value of investments held by the fund + Value of current assets – Value of current liabilities & provisions, if any

Number of Units existing on valuation date (before creation/redemption of units)

The NAV calculated as per the above formula shall be declared daily in accordance with IRDA of India regulations on our website.

4. Market value

We will determine the market value of assets in accordance with the regulatory requirements. We reserve the right to suspend unit pricing if it is not possible for us to value some or all of the assets of a unit linked fund due to Force Majeure conditions. Further the unit pricing will be resumed within 2 working days from the day markets resume or conditions return to normal, whichever is earlier.

The suspension of unit pricing will be only on external events to the insurer.

5. Investment guidelines

All segregated funds will be managed in compliance with applicable statutory regulations and guidelines. At present, investments in other than approved securities (including third-party mutual funds beyond 5% of fund) cannot exceed 25%. All funds will also trade in derivatives, invest in third-party funds or engage in short selling to the extent permitted by the applicable regulations.

6. Account Statement:

In case of a "child policy", partial withdrawals will be allowed only after the insured person attains the age of 18 years.

Reduction in death benefit following a partial withdrawal

In the event of the death of the insured person before attaining the age of 60 years, we will reduce the death sum assured by the total of any partial withdrawals made in the 2 years preceding the date of death. We will also reduce the mortality charge corresponding to the reduced sum at risk.

When the insured person attains the age of 60 years, we will reduce the death sum assured by the total amount of all partial withdrawals made in the preceding 2 years. And if the death happens after attaining the age of 60 years, we will further reduce the death sum assured by the amount of any partial withdrawals made after attaining the age of 60. We will reduce the mortality charge corresponding to the reduced sum at risk.

Even after partial withdrawals, the minimum death benefit will be 105% of the total premiums paid till the date of death.

6. Discontinuing your premiums

Discontinuing your premiums after five years from the policy commencement date

After payment of all due premiums in the first five years, if you fail to pay premium within the grace period of fifteen days where premiums are paid on monthly basis and thirty days, where premiums are paid on annual basis, then, we will send a notice within a period of fifteen days from the date of expiry of the grace period. However, you are entitled to exercise within a period of thirty days from the receipt of such notice, the following options:

- (1) Revive the policy within a period of two years; or
- (2) Complete withdrawal of all funds from the policy without any risk cover or
- (3) Convert the policy into a paid-up policy, with the paid-up sum assured in accordance with Section 113 (2) of the Insurance Act 1938 i.e. death sum assured multiplied by the total number of premiums paid divided by the original number of premiums payable as per the terms and conditions of the policy.

The policy will remain in force and the fund value will continue to be part of the segregated funds chosen, until you exercise your option, or until the expiry of thirty days notice period from the date of receipt of the notice; whichever is earlier.

We will offer a revival period of two years from the date of discontinuance of the premium. During this period, the policy is deemed to be in force with a risk cover as per the terms and conditions of the policy. If you exercise the option to revive the policy by payment of due premiums within the revival period, the insurance benefits along with the investment made in the segregated funds less applicable charges shall be continued, subject to our medical and financial underwriting policy.

If you exercise the option of complete withdrawal or you do not exercise any option within the thirty days notice period, we will terminate the policy and pay the fund value and the insurance benefits would cease. Fund value as on date of intimation of withdrawal or on expiry of thirty days notice period, whichever is earlier will be payable.

If you exercise the option to convert the policy into a paid-up policy, the death sum assured will be revised to the paid-up sum assured. The paid-up sum assured will be equal to the death sum assured multiplied by the total number of premiums paid divided by the original number of premiums payable. However, the company will monitor the fund value of the paid-up policy and terminate the policy if required in order to pay a minimum of one annual premium.

Discontinuing your premiums within five years of the commencement date

In the first five years from the policy commencement date if you fail to pay premium within the grace period of fifteen days from the due date, where premiums are paid on monthly basis and thirty days, where premiums are paid on annual basis, we will send a notice within a period of fifteen days from the date of expiry of the grace period. You are entitled to exercise within a period of thirty days from the receipt of such a notice, with the option of either revival of the policy within a period of two years by payment of all due premiums or a complete withdrawal of the policy.

However, the policy will remain in force with full risk cover and the fund value will continue to be a part of the segregated funds chosen, until you exercise your option, or until the expiry of thirty days notice period from the date of receipt of the notice, whichever is earlier.

If you exercise the option of a complete withdrawal or if you do not exercise any option within the thirty days notice period, we will credit the fund value less the discontinuance charge, to the discontinued policy fund and the insurance benefits would cease. The discontinued policy fund is a segregated fund that aims to generate a return by seeking to invest primarily in money market instruments and Government securities. We will provide a minimum guaranteed interest rate of 4% p.a. from the date of discontinuance or as per prevailing regulations. The excess income earned in the discontinued policy fund over and above the minimum guaranteed interest rate shall also be apportioned to the discontinued policy fund in arriving at the proceeds of the discontinued policies and shall not be made available to the shareholders. We will recover the fund management charge levied on the discontinued policy fund after ensuring the guaranteed return. At the

end of the lock-in period of five years from commencement of the policy, we will terminate the policy and refund proceeds of the discontinued policy. In case you exercise the option of complete withdrawal, the policy cannot be revived.

If you exercise the option to revive the policy by payment of due premiums within the revival period, the insurance benefits along with the investment made in the segregated funds less applicable charges shall be continued, subject to meeting our medical and financial underwriting policy. In case, you opt to revive your policy within the revival period, we will recover the outstanding policy administration charge and premium allocation charge; both. We will add the discontinuance charges deducted back to the fund value and allot units of the segregated funds chosen at the NAV as on the date of revival.

For policies which have not completed two years revival period at the end of the lock-in period
We will send a notice within a period of fifteen days from the date of expiry of grace period to exercise the below options within a period of thirty days of receipt of such notice:

- a) To revive the policy within the revival period; or
- b) Complete withdrawal of all funds from the policy without any risk cover; or
- c) Payout the proceeds at the end of the lock-in period or revival period whichever is later.

If you exercise option (a) or (c) mentioned above, the fund value will continue to remain in the discontinued policy fund till the policy is revived or upto the end of the revival period whichever is earlier. If the policy is not revived within two years of the revival period, the proceeds of the discontinued policy fund will be paid out to you.

- The original policy document
- Proof of death in case of a death claim
- A claim discharge form signed by the party to whom the benefits are payable

We urge you to ensure the safe storage of this policy document for smooth claim settlement.

9. Settlement option

At least 3 months before the maturity date you may opt for a settlement option up to a maximum of 5 years. This means that you have the option to take maturity proceeds in periodic instalments within a maximum period of 5 years from the date of maturity. The first intallment will be paid at the end of one year after maturity. However, the policy will cease on the date of maturity and you will not be entitled for life insurance cover.

The policy will participate in the performance of unit-linked funds as chosen by you and fund management charges as applicable will continue to be deducted. In case the policy owner has opted for the Systematic Allocator, the funds remain invested as at maturity and there will be no further rebalancing. No other charges shall be levied. No Guaranteed Loyalty Additions shall be added during this period. No switching and partial withdrawals will be allowed during this period. The instalment amount in any year will be the prevailing fund value divided by the residual number of years of settlement. In the last year of the settlement period, balance remaining in the fund will be paid off. You may choose from any of the settlement option listed below:

Choice of Settlement period (in years)	Installment paid (expressed as a percentage of Fund Value available at the end of each year during settlement period)			(expressed as a percentage of Fund Value available at the end		
	Year 1	Year 2	Year 3	Year 4	Year 5	
2	50%	100%	-	-	-	
3	33%	50%	100%	-	-	
4	25%	33%	50%	100%	-	
5	20%	25%	33%	50%	100%	

Once the policy matures, at the option of the policy owner the entire fund value could be withdrawn by the policy owner at any given point of time, during the settlement period. Thus by paying the entire fund value to the policy owner; as duly accrued under the policy; the Company is fully discharged and absolved from all the liability that arose under the policy. In case of death of the policyholder during such settlement period, only the available fund value shall be paid.

- b) Policy administration charge
- c) Mortality charge
- d) Disability charge
- e) Fund management charges and description of funds
- f) Switching charge, if any
- g) Partial withdrawal charge, if any
- h) Premium discontinuance charge

a. Premium allocation charge

We deduct the premium allocation charge from the premium paid and the balance is proportionately invested in funds that you opt for. We will also deduct service tax, surcharges, cess and any other levies applicable to the premium allocation charge from the fund

Premium allocation charge as a percentage of premiums is given below:

Premium Allocation	Year 1	Year 2 -5	Year 6+
Charge as % of Annual Premium	3.00% p.a.	1.50% p.a.	1.00% p.a.
		1.50% p.a.	1.00% p.u.

b. Policy administration charge

We deduct the policy administration charge as percentage of annual premium which is 3.5% p.a. throughout the policy term. The charge will be subject to a maximum of Rs. 6,000 p.a. It will be deducted on a monthly basis of 1/12th of the annual charge by cancellation of units.

c. Mortality charge

At the beginning of each policy month we will calculate the mortality charge for your policy.

• The mortality charge = One-twelfth of the mortality rate X *sum at risk

The mortality rate is determined as per the age (in years) of the life insured at the beginning of the month for which the mortality charge is being calculated.

*Sum at risk is the amount by which the Death benefit (reduced by applicable partial withdrawls)exceeds the fund value.

If the total fund value is higher than Death benefit, then Sum at risk will be nil and no mortality charges will be deducted.

• We will deduct the mortality charge from the total fund value by cancelling units.

We will also deduct service tax, surcharges, cess and any other levies applicable to the mortality charge.

The mortality rates are as given in the following table:

The sum at risk, if any, is equivalent to the amount of outstanding future premiums payable in the plan. We will also deduct service tax, surcharges, cess and any other levies applicable to the Disability Charge. After the end of PPT, no Disability charge will levied. If the Disability benefit is triggered and premiums are being paid by the company, no further disability charge will be deducted from the policy.
